War hundreds of thousands of German children were sent to the front lines in the largest mobilisation of underage combatants by any country before or since Hans Dunker was just one of these children Identified as gifted aged 9 he left his home in South America in 1937 in pursuit of a proper education in Nazi Germany Instead he and his schoolfriends lacking adequate training ammunition and rations were sent to the Eastern Front when the war was already lost in the spring of 1945 Using her father s diary and other documents Helene Munson traces Hans journey from a student at Feldafing School to a soldier fighting in Zawada a village in present day Czech Republic What is revealed is an education system so inhumane that until recently post war Germany worked hard to keep it a secret This is Hans story but also the story of a whole generation of German children who silently carried the shame of what they suffered into old age

Interrogations Richard Overy,2002-09-24 While the trial of Hitler s fallen elite at Nuremberg has been thoroughly documented the interval between the Nazis capture in May and June 1945 and the start of the actual trial in late November has until now remained shrouded in shadow With Interrogations acclaimed historian Richard Overy opens a new window into the Third Reich providing an intimate glimpse of the savage dictatorship in its death throes More than thirty transcripts of the interrogations are reproduced here for the first time allowing us to hear the voices of the newly captured Hitler gang including G ring Speer and Hess as they squirmed under the Allies glare Interrogations is the stark and disturbing history of defeat it lays bare as never before the human weaknesses that made the Third Reich possible

Elites, Crises, and the Origins of Regimes Mattei Dogan,John Higley,1998-07-09 Most political regimes whether authoritarian or democratic are born in abrupt brutal and momentous crises In this volume a group of prominent scholars explores how these seminal events affect elites and shape regimes Combining theoretical and case study chapters the authors draw from a wide range of historical and contemporary examples to challenge mainstream developmental explanations of political change which emphasize incremental changes and evolutions stretching over generations Instead the authors argue here political leaders and elites possess significant autonomy and latitude for maneuver especially in times of crisis Elites choices are frequently decisive in the making of regimes and the forging of national political histories Providing a sustained comparative analysis of elites their circulation and behavior across times and countries this lucid volume will be invaluable for scholars and students alike

Hitler's Voice: Nazi ideology and propaganda Detlef Mühlberger,2004 Detlef Mühlberger s work Hitler s Voice The Völkischer Beobachter 1920 1933 is an important addition to the study of National Socialism In today s scholarship it is difficult to locate a detailed work on National Socialism that does not rely in some way on the Völkischer Beobachter it was truly the bullhorn of the party from the time when the National Socialists were no more than a small group of unknowns gathering at the Munich Bürgerbräukeller until they gained power in 1933 Considering the vast amount of literature on National Socialism however it is surprising that until now there have only been shorter articles and two dissertations and not a single comprehensive analysis of the newspaper

Mühlberger s translation of articles from the Völkischer Beobachter addresses this lacuna He has sifted through eleven years of the paper condensing them into two volumes His first volume gives a chronological account of the development and organization of the party until 1933 while the shorter second volume entitled Nazi Ideology and Propaganda examines topical issues such as attacks against the Weimar Republic racism and attempts by

the party to garner support from workers farmers and the German Mittelstand **Germany: From the Nazi Era to German unification** Kurt Frank Reinhardt, Gerhart Hoffmeister, 1992 **The Nazi Question** Pierre Ayçoberry, 1981
