Nd 019 Quest Of The Missing Map:

Nancy Drew 19: The Quest of the Missing Map Carolyn Keene, 1942-01-01 Prompted by the concerns of a young child Nancy investigates a small studio on the Chatham estate. She discovers that there is a connection between the mysterious occurrences at Ship Cottage and her search for a treasure island. With only half of a map Nancy sets out to find the man who possess the rest of the map that will pinpoint the location of buried treasure. Constantly beset by danger and intrigue Nancy courageously outwits her enemies and solves one of the most challenging cases in her career as a teenage investigator.

The Quest of the Missing Map Carolyn Keene, 2004-11-05 The eighteen year old girl detective must find a man who has been missing for years in order to locate the other half of a treasure map. *Nancy Drew and Her Sister Sleuths* Michael G. Cornelius, Melanie E. Gregg, 2025-03-05 This collection of essays focuses on the girl sleuth made famous by Nancy Drew but also characterized by other famous detectives like Cherry Ames, Trixie Belden, Linda Carlton and even in contemporary media by Veronica Mars and Hermione Granger of the Harry Potter series. Topics include the disputed origins of Nancy Drew and the Stratemeyer Syndicate, the intertwined relationships between the Syndicate and Nancy Drew's many ghostwriters, the distinct and evolving textual identities of the Cherry Ames series, the adaptation of the traditional archetype by contemporary girl detectives like Veronica Mars, Lulu Dark and Ingrid Levin Hill, and the ways in which Harry Potter's Hermione Granger while a central character in the series is often at odds with the male centric fantasy genre world of Harry Potter himself. [The Map Thief](#) Michael Blanding, 2014-05-29 The story of an infamous crime, a revered map dealer with an unsavory secret and the ruthless subculture that consumed him. Maps have long exerted a special fascination on viewers both as beautiful works of art and as practical tools to navigate the world. But to those who collect them, the map trade can be a cutthroat business inhabited by quirky and sometimes disreputable characters in search of a finite number of extremely rare objects. Once considered a respectable antiquarian map dealer, E. Forbes Smiley spent years doubling as a map thief until he was finally arrested, slipping maps out of books in the Yale University library. The Map Thief delves into the untold history of this fascinating high stakes criminal and the inside story of the industry that consumed him. Acclaimed reporter Michael Blanding has interviewed all the key players in this stranger than fiction story and shares the fascinating histories of maps that charted the New World and how they went from being practical instruments to quirky heirlooms to highly coveted objects. Though pieces of the map theft story have been written before, Blanding is the first reporter to explore the story in full and had the rare privilege of having access to Smiley himself after he'd gone silent in the wake of his crimes. Moreover, although Smiley swears he has admitted to all of the maps he stole, libraries claim he stole hundreds more and offer intriguing clues to prove it. Now, through a series of exclusive interviews with Smiley and other key individuals, Blanding teases out an astonishing tale of destruction and redemption. The Map Thief interweaves Smiley's escapades with the stories of the explorers and mapmakers he knew better.
