From Unknown to Unforgettable Harsh Pamnani, 2024-10-21. Transforming a product or service into a trustworthy brand is key to standing out in an insanely crowded marketplace. While extensive branding literature exists on international brands, there is a scarcity of the same on Indian brands, especially the new-age ones. India's diverse and evolving market presents unique challenges. What works in developed markets like America may not work in India. Additionally, the obstacles and limitations faced by start-ups differ significantly from those encountered by established corporations. Consequently, the literature on established Indian brands may not be highly relevant in the rapidly evolving world of startups. If you want to understand how a start-up can transform into an iconic brand in India's diverse, crowded, and ever-changing market, this book is a goldmine of strategies and stories you must read.

Lost in the Scroll Adithya Krishnan, 2025-06-26. Drowning in the digital noise. This isn't another preachy self-help book. It's not a spiritual sermon wrapped in Sanskrit and definitely not about quitting social media to live in a cave. *Lost in the Scroll* is your no-fluff reality check for the digital age. It's where ancient Indian wisdom, yes, Sanatan Dharma, quietly shows up in your everyday chaos, whether you realize it or not. From doomscrolling to dopamine burnout, this book connects the dots between timeless truths and your hyper-online life. No robes, no rituals, just real talk on purpose, peace, and presence in a world designed to distract you. You don't have to ditch your phone. But you might want to rethink what you're really searching for when you scroll. Old wisdom. New context. No preaching. Just perspective.
