Wals, 2023-08-07 This edited collection invites educational practitioners and theorists to speculate on and craft visions for the future of environmental and sustainability education It explores what educational methods and practices might exist on the horizon waiting for discovery and implementation A global array of authors imagines alternative futures for the field and attempts to rethink environmental and sustainability education institutionally intellectually and pedagogically These thought leaders chart how emerging modes of critical speculation might function as a means to remap and redesign the future of environmental and sustainability education today Previous volumes within this United Nations Decade of Education for Sustainable Development series have responded to the complexity of environmental education in our contemporary moment with concepts such as social learning intergenerational learning and transformative leadership for sustainable futures *Envisioning Futures for Environmental and Sustainability Education* builds on this earlier work as well as the work of others It seeks to foster modes of intellectual engagement with ecological futures in the Anthropocene to develop resilient adaptable pedagogies as a hedge against future ecological uncertainties and to spark discussion concerning how futures thinking can generate theoretical and applied innovations within the field

**Survey of Science Fiction Literature** Frank Northen Magill, 1979 *Science-fiction Studies*, 2006 [Transformations of Language in Modern Dystopias](#) David W. Sisk, 1997-12-30 As the 20th century has progressed dystopian fiction has gained power as utopian fiction has become increasingly irrelevant As an overtly didactic genre dystopia extrapolates terrifying near-futures from disturbing current trends In order to quickly create an atmosphere that is at once plausible and terrifying dystopian writers almost universally turn to an idea certain to generate both fear and sympathy in the reader the dual concept of language as the primary tool by

which repressive societies stifle dissent and simultaneously as the primary weapon used by rebels bent on understanding resisting and countering such oppression This volume traces the evolution of language s centrality in 20th century dystopias in English including Brave New World 1984 A Clockwork Orange The Handmaid s Tale Native Tongue The Judas Rose and Riddley Walker The brilliance of Orwell s 1984 has led to a backlash many critics have smugly asserted that as the year 1984 has passed without taking the shape of his fiction Orwell s novel and the dystopia in general have lost their affective power and relevance But as the 20th century progresses dystopian fiction has gained power as utopian fiction has become increasingly irrelevant As an overtly didactic genre dystopia extrapolates terrifying near futures from disturbing current trends In order to quickly create an atmosphere that is at once plausible and terrifying dystopian writers almost universally turn to an idea certain to generate both fear and sympathy in the reader the dual concept of language as the primary tool by which repressive societies stifle dissent and simultaneously as the primary weapon used by rebels bent on understanding resisting and countering such oppression This volume traces the evolution of language s centrality in 20th century dystopias in English beginning with Huxley s IBrave New World R and Orwell s I1984 R As dystopian fiction has branched out to embrace multiple viewpoints and agendas the emphasis on language has remained at the center of the dystopian impulse These include the first person narrative dystopia such as Anthony Burgess s IA Clockwork Orange R the feminist dystopia such as Margaret Atwood s IThe Handmaid s Tale R and Suzette Elgin s INative Tongue R and IThe Judas Rose R and the post apocalyptic mythic dystopia such as Russell Hoban s IRiddley Walker R While other scholars have often alluded to the importance of language within specific literary dystopias this book transcends earlier studies by presenting a generic model of dystopian language use
