100 Greatest Video Game Franchises Robert Mejia, Jaime Banks, Aubrie Adams, 2017-08-17 Video games take players on a trip through ancient battlefields to mythic worlds and across galaxies. They provide players with a way to try on new identities and acquire vast superpowers. Video games also give people the chance to hit reset to play again and again until they achieve a desired outcome. Their popularity has enabled them to grow far beyond their humble origins and to permeate other forms of popular culture from comic books and graphic novels to films and television programs. Video games are universal. In 100 Greatest Video Game Franchises editors Robert Mejia, Jaime Banks and Aubrie Adams have assembled essays that identify, assess, and reveal the most important video games of all time. Each entry makes a case for the game's cultural significance and why it deserves to be on the list from its influence on other games to its impact on an international scale. In addition to providing information about the game developer and when the franchise was established, these entries explore the connections between the different video games, examining them across genre, theme, and content. This accessible collection of essays gives readers an opportunity to gauge their favorite video game franchises against the best of all time and argue how they each fit among the 100 greatest ever created. Whether casually looking up information on these games or eager to learn how franchises evolved over the years, readers will enjoy this entertaining and informative volume.

Comprehensive and engaging 100 Greatest Video Game Franchises will appeal to fans and scholars alike.

## Encyclopedia of Television Shows, 1925 through 2010, 2d ed.

Vincent Terrace, 2014-01-10 This fully updated and expanded edition covers over 10,200 programs, making it the most comprehensive documentation of television programs ever published. In addition to covering the standard network and cable entertainment genres, the book also covers programs generally not covered elsewhere in print or even online, including Internet series, aired and unaired pilot films, erotic series, gay and lesbian series, risqué cartoons, and experimental programs from 1925 through 1945.
