Introduction to Yoga

This book is going to tell you a little bit about yoga I am not going to go very deeply in to the esoteric and traditional aspects of yoga because that knowledge is only gained through years of training by a wise and experienced guru but you are going to get to know more about this ancient tradition which has come down to benefit mankind down the ages

What is Yoga

Ask any health conscious person this question and he is going to inspect the ceiling thoughtfully and say something on the lines of ahhh umm Is not yoga made up of some exercise routines in which you lie down on a mat and twist your body into different shapes

These exercises are to get rid of weight and will make sure that you keep fit fine and healthy

When you nod and say Go on he is going to continue enthusiastically

And then you are going to be chanting some mantras all the time that you are doing these exercises because that is the way it is done

Hold it right there

You are right that yoga is basically a set of exercises but let me explain about the idea of mantras and chanting

This idea that you have to chant instant mantras in praise of the gods is perhaps the reason why so many people are not taking benefit of this ancient Eastern tradition

That is because they consider this to be religion area and civilization specific

This is definitely not so

An American friend once asked me if I practiced yoga being an Indian I nodded and she replied a bit bewildered

But you are not a Hindu

So why would you want to practice yoga

And then she shrugged her shoulders and said Well I guess it is just a passing phase this interest in yoga

This was 20 years ago and for all those people out there who still are under the impression that yoga is a religion specific tradition let me tell you a little bit about this ancient traditional way of keeping healthy

And I am glad to see that she has been proven wrong because Yoga is definitely not a fad

It is not here today gone tomorrow

More and more people in the West and also all over the world are getting interested in this natural way of keeping healthy and physically emotionally spiritually and mentally fit

Yoga has been around for more than 5000 years

It has been

practiced in Asia in different ways and under different names with one goal achievement of spiritual harmony and physical well being The Chinese have their own version of yoga Taichi and Taijiquan which includes mental and physical exercises including meditation So have plenty of old Eastern civilizations down the ages Yoga is a state of mind it is also the art of living in which the mind body and spirit work in tandem to achieve the state of mental physical and emotional harmony And if that is too philosophical for you you can consider yoga to be a system in which you are getting in touch with your mind body and spirit in a really positive manner [Yoga: For Beginners: Your Guide To Master Yoga Poses While Strengthening Your Body, Calming Your Mind And Be Stress Free!](#) Emily Oddo,2018-05-25 Body Calming Your Mind And Be Stress Free I think you will agree with me when I say the world is a pretty crazy place I mean we all wake up early in the morning take our breakfast disappear into our daily responsibilities which can be work or school return home try to get some few hours of sleep and then wake up and repeat everything again What are we really doing to ourselves We have made ourselves so busy that we have lost touch with our inner selves which is okay except for the fact that that type of life is affecting our health negatively by piling up stress in your body and mind You know what we need a breather and this guide has the perfect one for you YOGA Yes you heard me For a long time now yoga has been known to work wonders on the body and mind Basically it helps you get in touch with your inner self in a process that releases stress from your body calms your mind and boosts your strength After a session of yoga you glow and feel light Now who wouldn't want that This guide will introduce you to this magical method known as yoga By reading it you will get to know the history of yoga the benefits of yoga what to expect from yoga classes and what you need to start practicing it You will also learn some yoga postures and routines that you can do to free your mind from stress while strengthening your body Are you ready to learn how to channel your inner yogi Here's what we'll cover in this Yoga For Beginners book Section 1 A Deep Understanding Of Yoga Section 2 Pre Yoga Orientation And Preparation Section 3 Basic Yoga Poses Section 4 Basic Yoga Routines Section 5 Yoga Diet Section 6 Frequently Asked Questions Get Your Copy Today [Yoga For Beginners](#) Dev Prisco, Yoga for beginners is the essential starter guide for people beginning their Yoga journey Complete with basic poses to get started what to wear best places to practice and also meditation Many numerous health benefits for complete mind body and spirit *Yoga For Beginners* Ntathu Allen,2017-10-16 Say goodbye to the old tired unhappy you Say HELLO to the new supple energetic relaxed you by making yoga a way of life Frustration and stress come from spending your entire day meeting other people's demands but never taking care of yourself Now you're about to learn how to start taking amazing care of your own physical and emotional needs in as little as five minutes per day You'll learn easy restorative yoga poses to strengthen your body and powerful meditation techniques to remove stress for work and home Just imagine creating your own custom 5 minute yoga routine that allows you to instantly relax clear your mind and energize your body without needing a yoga mat or instructor to show you what to do In this book you will discover Easy and fun yoga poses designed to increase your energy and revitalize your body A series of

**Yoga Guide for Beginners** Domenico Morano,2020-07-04 THIS BOOK TELLS THE WHOLE STORY OF YOGA THERE ARE IMPORTANT THINGS AND ONLY STEPS FOR A HEALTHY QUIET AND PEACEFUL LIFE

*Yoga for Beginners* Alecandra Baldec,2013-03-08 Yoga For Beginners is a text that is well timed It explores all the aspects of yoga that an individual that is interested in starting yoga would want to know The book takes the reader through the different aspects of yoga step by step starting with a working definition of yoga and who yoga is best suited for This process is still a mystery to many in the Western World as they simply had no care to learn about it due to religious reasons or otherwise As things become more integrated however more and more persons are becoming exposed to yoga and are curious to learn where it all started and how it can be beneficial to them The author makes every effort to make the information as reader friendly as possible and as interesting as possible to keep the reader engaged in the process The text gives the novice just enough information to enable them to make an informed decision as to whether or not they will opt to practice yoga or not There is even a chapter that shows the link between meditation and yoga and how the two work together to get the body and the mind in unison It is a very informative text About the Author Yoga has made quite a comeback in recent years as more and more individuals start to realize the benefits that they can accrue from doing this low impact form of exercise Alecandra Baldec is well aware of this as she has been practicing yoga for quite a number of years now It all started when she saw her aunt practicing every day after she had a heart attack As curiosity got the better of her she asked why her aunt was doing this and was told that is was the best way to get the mind and body in sync and to get rid of built up stress Alecandra took this a step further and sought to do her own research to find out exactly what the process of yoga entailed This opened her up to a whole new world and she did end up learning a lot about the process including the many benefits that it came with As such she took it upon herself to get the information out to as many persons as she possibly could so that they too may learn the many benefits that they can accrue from practicing yoga Her book is just one of the ways that she chose to do so
