

# How to **STACK A HABIT**

1

## Identify existing habits

if you already have a habit of drinking a glass of water in the morning, take note of it.

2

## Determine your goal

Let's say your goal is to improve your physical fitness and incorporate exercise into your routine.

3

## Choose an anchor habit

Use your existing habit as a trigger. After drinking your morning glass of water, perform a 5-minute stretching routine.

4

## Select a new habit to stack

Add a new habit that complements your goal. After stretching, follow it up with a 10-minute workout session.

5

## Start small and build momentum

Begin with manageable actions. Gradually increase the duration or intensity of your workouts as you become more comfortable.

*Remember, small changes can lead to big results. Start habit stacking now and witness the power of positive routines in your daily life.*
