Odybey Of Desire

Odybey Of Desire:

Odyssey of Desire MLD Bell, 2013-11-15 Wed in haste to her guardian Pierre Lefevre young Susannah Bernard is sent to a convent until she is old enough to fulfill her wifely duties Her life is swept into a maelstrom of betrayal jealousy and fear Her odyssey is long and charged with danger before she is reunited with her beloved **Arete and the Odyssey's Poetics of Interrogation** Justin Arft, 2022-09-01 Arete and the Odyssey's Poetics of Interrogation explores how the enigmatic Phaeacian queen Arete is at the heart of an epic scale poetics of interrogation used throughout the Odyssey to negotiate Odysseus kleos or epic renown Arete's interrogation of Odysseus has been especially problematic in scholarship but diachronic and synchronic analysis of similar interrogations across Indo European Orphic and Greek epigrammatic corpora show that the stranger's interrogation is a formula that demands performance and negotiation of status Within the Odyssey this interrogation is part of an intraformular network used to generate kleos and the queen's question initiates the longest and most complex negotiation of Odysseus status in epic and memory Arete's role as interrogator not only explains her strange authority and resonance with both Penelope and comparative afterlife figures but it also establishes a gendered agonistic tension between she and her husband Alkinoos that influences the structure genre and narratology of performances across the Phaeacian episode This book reinterprets the Odyssey's central episode and challenges several assumptions about Nausikaa and Alkinoos famed hospitality even demonstrating how the Apologue is organized as a response to competing inquiries into Odysseus fundamental status in tradition The Odyssey ultimately navigates away from Odysseus public reputation and roots his status in private memories and Arete's carefully arranged interventions signal the larger process by which the Odyssey immortalizes Odysseus in poetry as a nostos hero The queen and her question invite new applications of oral poetics that shed light on the structure composition and reperformance of the Odyssey **Odyssey of Desire** Eddy Vale, 2017-09-25 Daniel moved behind her and touched one palm to her left buttock and she winced and then squealed as he spanked her Perfect for spanking he mused A very beautiful arse Such delicate skin now marked with the whip I can feel every stroke you've received He spanked her rhythmically six times his other hand on her shoulder to steady her When freelance journalist Jayne Beattie gets her latest assignment she just can't turn it down It is a private commission inviting her to dig into the personal life of one of the world's richest men But to uncover the mystery past about this war hero and media magnate Jayne must travel deep into a dirty modern world where the rich and powerful indulge an insatiable hunger for kinky sex For them knowledge is control And to control them Jayne must first submit and become their plaything Her assignment takes her on a journey around Europe in a tale of international intrigue But she also embarks on another odyssey one to the depths of lust And it is this nerve tingling erotic journey of her body and mind that changes her forever Because in desire and humiliation she discovers her true self Eddy Vale's first novel combines the plot of a heart racing contemporary thriller with lashings of spicy exotic taboo sex **Recursive Desire** Jeremy M. Downes, 1997-04-30 Epic has often been seen

as a dead genre intrinsically patriarchal and nationalistic Furthermore the psychological model most frequently applied to the relations between poets has been a violent one the Freudian masterplot of Oedipus slaying the father to possess the mother The limited usefulness of such simplistic explanations of epic is readily apparent when confronted with the continuing production of epic poetry long after its so called death when confronted with the contemporary drive toward epic among women poets people of color and postcolonial poets and when faced with epic s fundamentally recursive desire obvious in oral epic but common to the entire genre to repeat rather than to kill or evade its precursors Recursive desire rooted in more basic preoedipal negotiations of union and separation rather than in Oedipal conflict provides an elegant and far more useful explanation By rereading and substantially redefining epic in this way this book recognizes and reinvests with meaning the vital recursive qualities of the genre Examining a diverse array of texts from the Epic of Gilgamesh to Derek Walcott s Osmeros from the Homeric epics to H D s Helen in Egypt The book develops a broadened inclusive and living tradition of epic poetry demonstrating the continuities of that tradition across dramatic discontinuities in time place worldview and technology Recursive Desire rereads epic tradition and specific epic poems in ways that challenge traditional notions of the genre and open up unexplored fields of endeavor to students of epic of poetry and of narrative With its more powerful and comprehensive psychological model of poetic relations the book provides readers with a new understanding of epic poetry and its vital shifting polyvocal array and disarray of textual forces
