s remarkable life and excruciatingly dreadful death is told through the eyes of young Greek student and philosopher Aristos as he learns the value of historic records and the tragedy of their loss to humanity Author Dr Nicholas Fourikis blends history with Aristos s romance as he weaves Hypatia s story through the experiences of Aristos and his fellow students during times of gigantic human struggles in Greece Aristos comes to realise the tides of history determine the course of lives And history shapes the mind of men While more than half a million valuable scrolls are destroyed together with the life and work of one of the world s greatest woman writers mathematician philosopher and historian in the fight between ideology belief systems and power This book spoon feeds the reader with an understanding of history while explaining in simple but lyrical terms how ideological and religious beliefs bring inevitable conflict as mankind struggles for understanding Precious books bring history alive in a way that affects the future and this book is in that category A philosophical book which expounds the philosophy of philosophers 5 0 out of 5 stars closer to Hypatia April 22 2011 By Saibei Zhao Format Kindle Edition From a student s eye Dr Fourikis is tall and handsome His invited talk about the application of millimeter waves was fun easy to understand and full of humors This was in Pasadena California 1992 the first time we met It was a spectroscopy conference and he was giving the talk It was impressive how advanced his research was From then we keep in touch for years and we discuss so many things I was surprised when he told me that he wanted to write story about immigrants As being scientists we try to make laws and methods as simple as possible while novelists are trying to make things as complicate as possible We try to compress 10 sentences to 1 sentence if we can while the novelists are trying to stretch 1 sentence to 10 sentences if they can I thought scientists and novelists have different brain structure But it proved that for some people they can do both First Dr Fourikis brought Hollywood Amarroo to us It was about social justice to Australian Aborigines Then away from Australia he is coming back with Hypatia s feud Hypatia s feud is well written and fun to read Dr Fourikis brings her so close so vivid to us Hypatia was the first notable woman mathematician astronomer and geographer Why do we say so We know gold is heavier than silver sea water is heavier than fresh water for the same volume It is easy to judge for the solid material harder for the liquid Hypatia invented hydrometer which allows people to measure density of liquid with respect to water While it has been problem for people to locate themselves in ocean Hypatia invented the chart of celestial bodies She edited Euclid s Elements and Ptolemy s Almagest she made commentary for other books Keep this in mind one has to know as much as the writers before she he could write the commentary editing Then what is the purpose to bring her back First it is curiosity Today in every physics lab chemistry lab when one uses a hydrometer one may ask who invented this Who was Hypatia What she has done Why she was murdered Could this be prevented Secondly learning from history we understand any achievement we made today has a history As Newton once said I am standing on the giants shoulder Third education is the key Read the book and one will find all Dr Fourikis quote Elie Wiesel recipient of 1986 Nobel Prize for Peace in his book Hollywood Amarroo here it is The opposite of love is not hate it s indifference The opposite of art is not ugliness it s

indifference The opposite of faith is not heresy it's indifference And the opposite of life is not death it's indifference Wish Dr Fourikis bring us more of his works Biography Nicholas Fourikis MSc PhD Nicholas was the recipient of a classical Greek education in Cairo and spent school holidays either in Alexandria the birthplace of Hypatia or in Greece After the family migrated to Australia he pursued undergraduate studies at the Royal Melbourne Institute of Technology and postgraduate studies at Macquarie and New South Wales universities During a distinguished career in Radio Astronomy he spent a year at the Tokyo Astronomical Observatory discovered five interstellar molecules in collaboration with Australian American and Japanese spectroscopists and authored two university textbooks on Radio Astronomy and advanced Radars A complete list of his research papers theses and books is in his website www.nicholasfourikis.com The life and times of Hypatia a fellow astronomer and scientist fascinated Nicholas over a long time More importantly Hypatia of Alexandria was the conduit of the ancient Greek wisdom to the modern world the quintessential philosopher hero who championed Humanism and demonstrated that women could make significant contributions in Astronomy Philosophy and Mathematics Hypatia's feud with religious zealots at the dawn of the 5th century CE is our feud too because her foes under different names are ever present In his other literary novel Hollywood Amarroo Two lovers shine in Australia's Deep North he chronicled the lives of two young lovers who ignored the prejudices of the sixties to defend an Aboriginal mother accused of manslaughter Amarroo a prosperous town in the heart of Queensland borders a reserve the locals euphemistically call Hollywood where two hundred Aborigines live in lamentable poverty While the story Nicholas chronicled took place during the sixties the Aborigines still live in lamentable poverty to this day
