Of Poetry Power:

Poetry and Power of Judgment Song Ye,2024-07-25 This book examines Chinese traditional poetry with an emphasis on the sources of pleasure in creating and appreciating classical Chinese poems and the basis for valid aesthetic judgments about poetry The pleasure derived from art plays a crucial role in people's evaluation of its worth This book shows that Chinese classical poetics and Western aesthetics agree on the sources of aesthetic pleasure Both hold despite their obvious differences that aesthetic taste essentially involves cognition The book explores important ideas in traditional Chinese poetry emphasizing that Poetry is founded upon the power of judgement shi This central idea guides other key concepts throughout the history of Chinese poetics revealing the fundamental principles of creating and appreciating poetic art The author presents new views of traditional Chinese poetry and poetics by unifying these long dispersed basic propositions into a new coherent cognitivist framework that also gives due importance to emotion Scholars and students studying Chinese literature poetics philosophy of art and philosophy of mind will find this book interesting

Patriotism and Poetry in

Eighteenth-Century Britain Dustin Griffin,2005-11-17 The poetry of the mid and late eighteenth century has long been regarded as primarily private and apolitical in this wide ranging study Dustin Griffin argues that in fact the poets of the period were addressing the great issues of national life rebellion at home imperial wars abroad an expanding commercial empire an emerging new British national identity Taking up the topic of patriotic verse Griffin shows that poets such as Thomas Gray Christopher Smart Oliver Goldsmith and William Cowper were engaged in the century long debate about the nature of true patriotism

Close Encounters Andrew Davison,2025-03-25 What would it look like to approach data with the care and attentiveness that we bring to a poem Andrew Davison proposes a new philosophy of data modeled on the affective and ethical qualities of the encounter between a reader and a literary text and demonstrates its significance for understanding urgent social and political issues In a cross disciplinary engagement with philosophical literary and political theoretical accounts of poetic experience Close Encounters challenges the philosophical underpinnings of dominant approaches to data analysis Instead Davison argues social scientists should treat their data with the same close attention and ethical responsibility that are accorded to literary texts In this view quantitative and qualitative data are not only collected coded or constructed they are entrusted to the care of their recipient Such attunement yields original insight into silenced erased and neglected subaltern dimensions of the data Davison demonstrates how this methodology provides fresh perspective on pressing topics such as immigration border politics torture war Trumpism violent political speech

medical care criminal justice algorithmic governance and the COVID 19 pandemic Bringing together a strikingly original theorization of data with a rich array of examples Close Encounters shows why the skills and methods of literary inquiry are essential to ethically sensitive data analysis **The Magazine of Poetry** ,1889 **The Principles of Criticism** William Basil Worsfold,1916 **The Chautauquan** ,1894 **The Century Illustrated Monthly Magazine** ,1888 *The Perversity of Poetry* Dino Franco Felluga,2012-02-01 Once the dominant literary form poetry was gradually eclipsed by the realist novel indeed by 1940 W H Auden was able to note Poetry makes nothing happen In *The Perversity of Poetry* Dino Franco Felluga explores the cultural background of poetry s marginalization by examining nineteenth century reactions to Romantic poetry and ideology Focusing on the work of Sir Walter Scott and Lord Byron as well as periodical reviews student manuals and contemporary medical journals the book details the period s two contending and equally outrageous claims regarding poetry Scott s poetry on the one hand was continually represented as a panacea for a modern world overtaken by new principles of utilitarianism capitalism industrialism and democracy Byron s by contrast was represented either as a cancer in the heart of the social order or as a contagious pandemic leading to various pathological symptoms The book concludes with a coda on Alfred Lord Tennyson which illustrates how the Victorian reception of Scott and Byron affected the most popular poetic genius of midcentury Ultimately *The Perversity of Poetry* uncovers how the shift to a rhetoric of health allowed critics to oppose what they perceived as a potent and potentially dangerous influence on the age the very thing that would over the course of the century be marginalized into such obscurity poetry thanks to its perverse insistence on making something happen *Aristotle on the art of poetry, a lecture* Arthur Octavius Prickard,1891 **Introduction to Poetry** Laurie Magnus,1902 *Theosophical Quarterly* ,1914 *The Magazine of Poetry and Literary Review* ,1891 **Letters. 1901** John Keats,1901 *Letters, 1819 and 1820* John Keats,1901 *The Collected Works of William Hazlitt: The Round table.
