Of Readings:

Speed and Accuracy of Readings as a Function of Design in the Sensitive Airspeed Indicator George E. Long, 1949

Readings from the Old Testament, and Phrase Book Louise Emery Tucker, 1913 The Practice of Reading Derek Alsop, Chris Walsh, 1999-04-19 The Practice of Reading is a lucid and lively examination of the art of interpreting the novel in the context of recent developments in literary theory and criticism. Believing that reading is or should be a pleasurable creative activity the authors analyse a range of seven novels from the eighteenth century to the present focusing upon the experiential dimensions of the reading process. What is the role of the reader? What happens when a novel is read? How far does meaning depend on the reader and how far on the text? These and other related questions are explored in readings of novels as diverse as Tristram Shandy, Pride and Prejudice, Great Expectations, Daniel Deronda, A Portrait of the Artist as a Young Man, Beckett's Trilogy and Possession. In its insistence upon a return to the practice of close reading, the book represents a timely intervention in current literary debates. An accessible, informative and above all stimulating text for all university and college students of literature. **Electric System Handbook** Clarence Herbert Sanderson, 1930

Catalogue of Printed Books British Museum, 1890 **Catalogue ...** University of Vermont, 1930 **The Epistemology of Reading and Interpretation** René van Woudenberg, 2021-09-16 Reading and textual interpretation are ordinary human activities performed inside as well as outside academia but precisely how they function as unique sources of knowledge is not well understood. In this book René van Woudenberg explores the nature of reading and how it is distinct from perception and attending to testimony which are two widely acknowledged knowledge sources. After distinguishing seven accounts of interpretation van Woudenberg discusses the question of whether all reading inevitably involves interpretation and shows that although reading and interpretation often go together they are distinct activities. He goes on to argue that both reading and interpretation can be paths to realistically conceived truth and explains the conditions under which we are justified in believing that they do indeed lead us to the truth. Along the way he offers clear and novel analyses of reading meaning, interpretation and interpretative knowledge. **The Epistle of Paul the apostle to the Ephesians** John Owen Farquhar Murray, 1914 **Notes and Queries**, 1912 Publishers' circular and booksellers' record, 1882
