The Odyssey of the Soul Clarence F. Dickopf, 1979 Odyssey of the Soul Pamela Chilton, 1997 **Odyssey of the Soul, When Gods Walk the Earth** Pamela Michael Chilton, Hugh Harmon, Light, 2000-01-01 **Odyssey of the Soul, a Trilogy** Pamela Chilton, Hugh Harmon, Light, 1997 First in a trilogy Book One presents extraordinary information gathered from the inner consciousness levels of the minds bodies and spirits of thousands of ordinary people Knowledge gathered by the authors in their healing motivational and channeling work with and for others opens the mind and excites the spirit to the inherent abilities of the soul Written simply even complex subjects such as healing hypnosis re incarnation channeling therapy spirit possession multiple personalities inner children astral matter metaphysics the soul and Higher Self become clear and understandable Personal stories add light humor motivation and a sense all is possible and knowable Presents a lighted path to self mastery for the enlightenment of self and others while succinctly outlining why the past is important to

this path Explains the dynamics of trauma including childhood abuse and how the mind stores as well as buries trauma
 Explains why memories whether false or real are important to healing and achieving personal and professional goals
 Delineates the levels of the mind and spirit in a way that is meaningful to every day reality Lures and keeps the interest of
 both beginners and experts in metaphysical studies even as it brings forward information that enhances both mainstream and
 alternative healing Miracles are explained as well as why medications surgery prayer guided imagery visualizations
 affirmations hypnosis herbs and other healing aids sometimes do not work and what needs to be done so they will It is a book
 written by experts who explain why no expert knows more about a person s mind body or spirit than that person s own mind
 body and spirit Explains how such information can be accessed both in and out of trance states Channeling is introduced in a
 manner that eliminates fear dread and foolhardiness Parts of the book and all of chapter eight are written by LIGHT which
 says it is The Light the creator energy of The Creator of All That Is Light outlines a plan for healing the earth balancing
 nature and enlightening humans The plan is powerful and perfect for people of all religions and no religion So ingenious is
 this plan so simple so positively focused it could only have been written by a consciousness of light leading to the thought
 that if a consciousness of light does not lie this must indeed be The Creator Light Just knowing such a consciousness is
 present and active in the world lessens the rampart fear presently escalating naturally occurring earth changes Most
 importantly this book as it makes clear how the mind creates makes clear how prophecy works It becomes understood
 prophecy is not for the ego of the prophet it is for the good of the people If one does not like a prophecy one has the ability
 and the right to positively shift the mental focus and physical actions in the present which alters the future thus nullifying the
 prophecy Being created in the image of the Creator means we are spirit with will and the ability to choose what we will A
 great prophet does not care about being right A great prophet cares about doing right Doing right is to warn and when the
 warning is heeded the great prophet rejoices knowing the prophecy will be rendered untrue Book One explains how the mind
 truly works so the soul of one and the souls of many may alter the future to bring greater good and joy **The Odyssey of a
 Soul** J. R. Alexander,1975 *The Odyssey of a Soul* Grace Iyabo Osuman,2003 The Odyssey of the Soul Artemus
 Lamb,1995 Gnostic Writings on the Soul ,2011-08-18 The inspiration and insight of these Gnostic writings can become a
 companion on your own spiritual journey Just what is a soul exactly Where did the idea come from How do we experience our
 souls Two ancient Gnostic texts The Exegesis on the Soul and The Hymn of the Pearl both presented here in all new
 translations hold important clues to the development of the soul as a concept and reveal inspiring ways your own soul can
 remember and return to its unique divine purpose The Exegesis on the Soul depicts the soul as a feminine figure who has
 fallen into the corrupted world and must find her way back to the Divine It is the story of the soul s struggle and redemption
 that will embolden your own spiritual pilgrimage The Hymn of the Pearl is an allegorical story about a prince sent to retrieve
 a precious pearl but who soon forgets his purpose and falls asleep It is a moving tale of the importance of remembering your

soul's identity and calling and knowing that only you can fulfill your destiny Accessible facing page commentary explains the Gnostic writings for you even if you have no previous knowledge of Gnosticism or early Christianity Additional material draws on ancient religions Platonism Christianity Judaism Islam and modern philosophical and psychological notions of the soul to place the Gnostic teachings in a clear historical context By following the development of this concept through time you will more clearly perceive and respond to the divine spark found in your own soul

everything I had written I couldn't believe it I had never had any interest at any time in my life in language or poetry and had never been able to produce fine words or phrases Yet I had managed to produce an extraordinary poem My mind was in disbelief I was so tired and utterly baffled The next day all my friends and family were shocked at how such a powerful poem had come out of someone like me as I wasn't even born in this country After a week another poem came I was given these two poems for my life story book I asked whoever was around one night why and how and who I remembered that I'd had a dream in November 2006 in which my father who passed away in 2003 told me that a special gift would be given to me and for serving humanity That was the start of the series of poems which I began writing in March 2007 Up to the present time still more poems have been coming through I currently have a total of over 40 poems all a gift for humanity I was instructed to do no more works with individuals but that instead I would need to put my new power and psychic energy to more constructive use for the millions who are in turmoil and in grief and sorrow with all their complications and emotional love traps and more of the dark time which all of us have to go through at some stage of this decaying life I was also told that it is not my subconscious mind as psychology explains to us this is a fancy word they use yet where does that subconscious reside Call it whatever you like it is not important as it's the result which counts the truth of our evolved spirit within the soul energy which gives us solutions happiness understanding and unseen intelligence and the iron hand which pulls us out of the black hole of ordinary life with its awesome delusions and earthly domesticated matter It is very important to remember because you are free from every earthly conditioning you have received a gift The free spirit is an evolved illuminated being and progressed mind though not intellectually cultured That message will be carried with every second I breathe and I shall bring it and give it to all humans who will search one day to discover who they are and why we are born and what the true goal is but with a free mind and heart Here are the collection of that gifts of inspiration which I received from the higher being which is far wiser and more intelligent than any human born and any ordinary intellect Read on and think We have a collection of poems dictated by the Illuminators the Emperor of the Soul You can order it if you want to read them Many thanks for your time to read the true words of my heart Under the name of The Odyssey of the Souls Written by psychic Scheherazade Al Tellawy through trace and altered consciousness
