## Of Time And Eternity:

Time and Eternity William Lane Craig,2001-03-01 This remarkable work offers an analytical exploration of the nature of divine eternity and God's relationship to time    **Time and Eternity** Brian Leftow,2018-09-05 Brian Leftow makes an important contribution to the longstanding debate among philosophers and theologians about the nature of God's eternity. The author develops a powerful and original defense of the notion that God is eternal in that he exists timelessly that is that though God exists he does not exist at any time. Leftow defends the claim that a timeless God can be an object of human experience and he attempts to delineate the extent of such a God's omniscience. Finally the author pays special attention to the relation between the claim that God is timeless and the claim that God is metaphysically simple    *Time & Eternity* Antje Jackelen,2005-06-28 What is time Is there a link between objective knowledge about time and subjective experience of time And what is eternity Does religion have the answer Does science Antje Jackelen investigates the problem and concept of time Her analysis of the subject includes The notion of time and eternity as it is narrated through Christian hymn books stemming from Germany Sweden and the English speaking world with insights into changes of the concept and understanding of time in Christian spirituality over the past few decades Theological approaches to time and eternity as well as a look at Trinitarian theology and its relation to time The discussion of scientific theories of time including Newtonian relativistic quantum and chaos theories The formulation of a theology of time a theological mathematical model incorporating relational thinking oriented towards the future the doctrine of trinity and the notion of eschatology Descripción del editor    God, Eternity and the Nature of Time Alan Padgett,2000-06-16 This book focuses on the timelessness of God providing a detailed analysis of the nature of time and eternity Padgett offers a biblical and historical survey of the doctrine of eternity rejecting both theories of eternity being both timeless and everlasting Padgett argues that traditionally the doctrine of absolute divine timelessness is not compatible with God's actions in the world God is in some sense temporal yet He is the ground of time the Lord of time and is relatively timeless    *Time and Eternity in Christian Thought, Etc. [The Bampton Lectures for 1936.]* Frank Herbert BRABANT,1937    **Plotinus on the Appearance of Time and the World of Sense** Deepa Majumdar,2016-04-22 Plotinus c 205-70 was a Neoplatonist philosopher his work posthumously published by Porphyry and divided into six books nine tractates each called the *Enneads* In this book Majumdar makes a valuable addition to the literature on his work especially *Ennead III 7 45 11 13* in particular explaining Plotinus cosmology using the genus species model of soul coordinating the literature on the appearance of time and the cosmos with that on the larger issue of Plotinian emanation and examining the role of *timē* and the restless nature of soul in this conjoint appearance This book investigates Plotinian emanation its laws of *poiesis* contemplative making and the roles of nature matter logos rational formative principle and contemplation and highlights the subtler details of Plotinus cosmology by disentangling conceptual issues about the nature of soul and self we and their impact on the process of generation of time and the cosmos    *The Relation of Time and Eternity* John McTaggart

Ellis McTaggart,1908 *Time and Eternity* Gerhard Jaritz,Gerson Moreno-Riaño,2003 These thirty two papers from the 7th International Medieval Congress held in Leeds in 2000 wrestle with the complex and difficult subject of time and eternity in the medieval period They reflect different scholarly approaches to the subject and reveal a variety of medieval concepts of time and its function The papers are arranged according to seven themes Time its computation and the use of calendars Jewish concepts of time and redemption Christian philosophies of eternity and time Monastic and clerical conceptions Literary representations Time and art The end of the world **God, Time, and Eternity** William Lane Craig,2014-01-15

**God Realization** Glen C. Cutlip,2001-07-24 Have you ever wondered how it might be that God is to walk with the people of God Have you really contemplated how that God is the all in all in you all Have you ever wondered how God can manifest Itself in an infinite number of places at the same time Just as the peace of God passeth all understanding and the love of Christ passeth knowledge the realization of God passeth the understanding and the knowledge of the dual mind Accordingly the understanding and the knowledge of the dual mind must cease as it were before the realization of God can manifest itself as it is not just as it might appear to be That is the part as it were must be done away in order for the whole to manifest itself The realization of God is the outcome of realizing the Christ Consciousness that dwells at the Core of all being for we know that at the appearing of the Lord we shall like unto the Lord for we shall see the Lord as is not just as the Lord might appear to be We can now see how that the Christ dwells within all whether it is realized or not for to realize the Christ that dwells at the Core of all being is to realize that it has always been there Therefore the realization of God is the realization that God has been is and shall forever be right where you are the all in all in you all Thus God is ever walking with the people of God It is a matter of realizing how that might be Now is the time for that realization **Space, Time, and Presence in the Icon** Clemena Antonova,2016-03-09 This book contributes to the re emerging field of theology through the arts by proposing a way of approaching one of the most challenging theological concepts divine timelessness through the principle of construction of space in the icon One of the main objectives of this book is to discuss critically the implications of reverse perspective which is especially characteristic of Byzantine and Byzantining art Drawing on the work of Pavel Florensky one of the foremost Russian religious philosophers at the beginning of the 20th century Antonova shows that Florensky s concept of supplementary planes can be used productively within a new approach to the question Antonova works up new criteria for the understanding of how space and time can be handled in a way that does not reverse standard linear perspective as conventionally claimed but acts in its own way to create eternalised images which are not involved with perspective at all Arguing that the structure of the icon is determined by a conception of God who exists in past present and future simultaneously Antonova develops an iconography of images done in the Byzantine style both in the East and in the West which is truer to their own cultural context than is generally provided for by western interpretations This book draws upon philosophy theology and liturgy to see how relatively abstract notions of a deity beyond time and space enter images made by

painters    **Time and Philosophy** John McCumber,2014-10-14 Time and Philosophy presents a detailed survey of continental thought through an historical account of its key texts The common theme taken up in each text is how philosophical thought should respond to time Looking at the development of continental philosophy in both Europe and America the philosophers discussed range from Hegel Marx Kierkegaard Nietzsche Husserl Heidegger Arendt Adorno and Horkheimer Sartre de Beauvoir Foucault Derrida to the most influential thinkers of today Agamben Badiou Butler and Ranciere Throughout the concern is to elucidate the primary texts for readers coming to them for the first time But beyond this Time and Philosophy aims to reveal the philosophical rigour which underpins and connects the history of continental thought    **Concrete Time and Concrete Eternity** Li Qu,2014-02-14 This publication investigates how Karl Barth's doctrine of time and eternity can contribute to the continued understanding of the relationship of divine eternity to time or temporality Examining from a theological philosophical and physical perspective with deep emphasis on the Trinity as well as Barth's Christology and pneumatology the author helps us to understand his theory on time and eternity Barth's contribution to the subject is significant with his doctrine of time and eternity being relational in ontology Trinitarian in background and concrete in character    *Parables of Time and Eternity* Keith Ward,2021-05-27 Most people agree that Jesus parables are about the kingdom of God But what is that They seem to have a lot about hell and judgment but how is that consistent with the Parable of the Prodigal Son and Jesus search for lost sheep They speak of the Son of Man but who or what is that Some have thought they predict the end of the world but could that be a failure to understand biblical language In a new survey of Jesus parables Keith Ward proposes that they imply a theology of the universal and unlimited love of God a moral demand to care for the well being of all living things a compassion for the poor and rejected of the earth an open door of repentance that even death cannot close the offer of new life in the Spirit and an ultimate goal of universal creative sharing in the life of the cosmic Christ

**The Divine Pymander of Hermes Mercurius Trismegistus** Hermes (Trismegistus.),1884    **Time & Eternity** ,2010    **Time, Eternity, and the Trinity** Eunsoo Kim,2010-03-01 One of the vital issues in contemporary Christian theology is the problem of a renewed understanding of God's eternity and its relation to time This is not merely a peripheral doctrinal issue but lies at the heart of our understanding of God and humanity and contributes to our entire worldview This study focuses on a long standing debate between two competing views on God's eternity one focused on God's absolute timelessness in classical theism and the other on God's temporal everlastingness in contemporary panentheism In contrast to both of these well worn options this book presents an alternative Trinitarian analogical understanding of God's eternity and its relation to time especially through a critical reflection on Karl Barth's and Hans Urs von Balthasar's engagement of the issue This analogical approach based on the dynamic and dramatic concepts of God's being in relation and of the Triune God's communicative action in eternity and time has the potential to resolve the debate between absolute timeless eternity and temporal everlasting duration    **The Life of the Spirit** Rudolf Eucken,1909    **Time and Eternity**
