Match! Euro 2004 Special!. ,2004 **International Football Kits (True Colours)** John Devlin,2018-05-17

International Football Kits True Colours charts the evolving football strip design of the world's leading national football teams from 1966 to the present day. Guaranteed to bring back memories of your favourite team's kits and help you discover new ones, this ground-breaking book features strips that made it to the greatest stage in football, the FIFA World Cup, as well as rare designs that were never worn. John Devlin, the authority on football kits, analyses and evaluates the home, away, and third kit designs of the top football playing nations, detailing when the strip was worn, who wore it, and the important matches in which it featured. This carefully curated collection features more than 1,300 never-before-published artworks and describes the changing styles, varied manufacturers, and remarkable controversies of international football fashion over the last 50 years.

Injuries and Health Problems in Football C. Niek van Dijk, Philippe Neyret, Moises Cohen, Stefano Della Villa, Helder Pereira, J. Miguel Oliveira, 2017-05-10. This book offers a comprehensive overview of current knowledge on the health problems and injuries associated with football and their clinical management. After an opening section on technical aspects and fundamental principles, all areas of football traumatology are addressed. The coverage includes muscle, tendon, and stress injuries of the lower limbs and injuries to the ankle and foot, knee, hip, and groin, spine, and head, and upper limbs. An individual section is also devoted to the most significant heart and other health conditions that may be encountered in players of all ages and standards. Follow-up, rehabilitation, and return to activity are discussed, and the role of performance enhancement strategies is carefully examined, with description of nutritional guidelines and the evidence on use of dietary supplements. A concluding section highlights the potential of the next generation of biologics to improve the regeneration and biofunctionality of damaged tissues. This book is written by world-renowned experts and has been produced in cooperation with ISAKOS. It will serve as a reference in the field of orthopaedics.
