## Matchbook Essays In Deconstruction Meridian:

*Matchbook* David Wills, 2005 *Matchbook* consists of nine essays written around or in response to work published by Jacques Derrida since 1980 The focal point of the essays is the *Envois* which forms part of Derrida's Post Card Particular attention is paid to how that text articulates with the ethical and political emphases of Derrida's more recent work but also to its autobiographical conceit The incendiary reference of the book's title underscores deconstruction's engagement with questions of reading relations between slow reading and the speed of technology and the political effects of an internationalized deconstruction in a globalized culture It is in terms of what deconstruction can have us think about the speed of technology and technologies of reading that Derrida's work has made one of its most important contributions to philosophy and literary and cultural studies The book concentrates on that as proof of the continued relevance of such work

*Penser la «pervertibilité»* Nicholas Cotton, 2023-02-06T00:00:00-05:00 Peut on seulement penser une thique de la perversion Tout est problématique dans cette question commencer par le mot perversion lui-même qui ouvre des lors qu'on l'voque un espace sans mantique trouble aux frontières incertaines L'idée de pervertibilité relance ici dans le sillage du philosophe Jacques Derrida pourrait bien jouer ces quivoques Au confluent de la littérature de la philosophie et de la psychanalyse cet ouvrage s'attache montrer l'importance de cette notion chez Jacques Derrida et retracer les moments qui en constituent une sorte d'impensé cette fin l'auteur entreprend une enquête au plus près des textes et de la pensée du philosophe soutenue par une approche pluridisciplinaire qui permet d'en cerner l'évolution dans la seconde moitié du xx<sup>e</sup> siècle tout en respectant l'exigence de complexité et d'inventivité de ce qu'on appelle de construction En mettant de l'avant une conception renouvelée du texte littéraire ce livre ne cherche pas faire l'apologie de pratiques prétendument subversives de la littérature mais il contribue ce que soient mieux compris des dispositifs pervers de la pensée philosophique et des gestes concrets de critique

**Not Half No End** Geoffrey Bennington, 2011-09-19 A collection of essays by one of Jacques Derrida's friends and foremost commentators Newly available in paperback Not Half No End Geoffrey Bennington, 2010 This book gathers essays written by Geoffrey Bennington since the death of his friend Jacques Derrida in 2004 All with significant variations of depth manner and tone dictated by the different circumstances for which they were written continue the ongoing work of elucidating difficult and complex thought often enough with reference to Derrida's persistent interrogation of the concepts of life and death mourning and melancholia and what he sometimes calls half mourning This is a kind of mourning not so much failed as suspended in the name of mourning itself an ethical interruption of the drive to complete mourning the drive to get over it and get back to oneself and back to work an interruption that *Not Half No End* relates to the persistent but still ill understood motif of interrupted teleology which it is argued here is definitive of deconstruction in general This suspension or

interruption of the end which is none other than difference itself holding difference short of opposition and its dialectical totalisation so that difference is always not half difference less than absolute has all manner of consequences for our thinking and for how we attempt to categorize that thinking as epistemological ethical political or aesthetic for example Not Half No End moves through all these domains and the whole of Derrida's rich and varied corpus in a weave or scatter of styles from the expository and analytic to the autobiographical and the confessional in the ongoing process of deconstruction Key Features New collection of essays by major theorist Expanded readings of late texts by Derrida Research monograph on mourning and melancholy First consideration of the legacy of Derrida by a co author **Futures** Richard Rand, 2001

Deconstruction: A Critique A. Rajnath, 1989-06-18 This collection of essays examines a wide range of topics relating to deconstruction which emerged in France as a reaction to structuralism but has found its greatest response in America where literary critics have built on its basic assumptions to create a new critical movement *Signs of the Times* David

Lehman, 1991 **Deconstruction** Gregory Jones-Katz, 2021-09-03 The basic story of the rise, reign and fall of deconstruction as a literary and philosophical groundswell is well known among scholars In this intellectual history Gregory Jones Katz aims to transform the broader understanding of a movement that has been frequently misunderstood, mischaracterized and left for dead even as its principles and influence transformed literary studies and a host of other fields in the humanities

Deconstruction begins well before Jacques Derrida's initial American presentation of his deconstructive work in a famed lecture at Johns Hopkins University in 1966 and continues through several decades of theoretic growth and tumult While much of the subsequent story remains focused inevitably on Yale University and the personalities and curriculum that came to be lumped under the Yale school umbrella Deconstruction makes clear how crucial feminism, queer theory and gender studies also were to the lifeblood of this mode of thought Ultimately Jones Katz shows that deconstruction in the United States so often caricatured as a French infection was truly an American phenomenon rooted in our preexisting political and intellectual tensions that eventually came to influence unexpected corners of scholarship, politics and culture **Chronicle**

**of Separation** Michal Ben-Naftali, 2015 The book *Chronicle of Separation* is an attempt to write on Derrida to Derrida and from Derrida on the basis of a pathetic experience which in various ways describes and enacts the pathetic experience of deconstruction itself The book tackles the weight of emotions that is at the heart of deconstructive reading
