Mosaic Roadmap:

The Mosaic Map of Madaba Herbert Donner,1992 In the early 1880 s dissension arose among the Muslim and Christian inhabitants of al Karak east of the Dead Sea Up to that time the believers of both religions had lived peacefully together in the city Problems arose and the Christians decided to move They were allowed to settle at Madaba The government gave permission to build churches but exclusively on those spots where churches had existed in Antiquity The immigrants removed the debris from still partially visible foundation walls of the ancient churches During this work they discovered in 1884 a marvelous mosaic map It had been part of the floor of a large cathedral The surviving fragments were roughly repaired and incorporated in the floor of the new St George s church It took nearly a hundred years and many admirers to have the map finally restored This book is an introductory guide and can be a help to different kinds of people such as visitors students and professors teaching first level archaeology bible and Umwelt Numbers on the sketch included in the guide refer the reader to appropriate information in the booklet A colour reproduction of the map and a black white sketch is included

The Madaba Mosaic Map Michael Avi-Yonah,1954 **Great Maps** Jerry Brotton,2014-09-01 The whole world is mapped out for your viewing pleasure in this captivating compendium ranging from past to present through diverse themes of transport and technology to discoveries and development Covering the classical maps of the ancient world and traveling through time to reach Google Earth in the 21st century this unprecedented history of more than 60 maps opens up our planet as never before Great Maps showcases early Medieval maps like including mappae mundi iconic transport maps such as the London Underground important travel maps including Dr Livingstone s version of Africa maps of natural wonders such as the ocean floor and momentous moments including the marks on the Moon left by the lunar landings There are maps that show the way to heaven depict lands with no sunshine and the mysterious home of the people with no bowels on this mind blowing journey Much more than just geographical data maps are an accurate reflection of the culture and context of different time frames in history British historian Jerry Brotton tells the amazing secret stories behind many of the most significant maps ever unearthed revealing key features and innovative techniques in incredible detail The unique insight into how mapmakers have expressed their world views results in this treasured book that makes a welcome addition to any bookshelf or home library
