

MOSES AND MONOTHEISM

Sigmund Freud

Moses Monotheism

University of Chicago. Divinity School

Moses Monotheism:

Moses and Monotheism Sigmund Freud, 2016-11-24 The book consists of three essays and is an extension of Freud's work on psychoanalytic theory as a means of generating hypotheses about historical events. Freud hypothesizes that Moses was not Hebrew but actually born into Ancient Egyptian nobility and was probably a follower of Akhenaten, an ancient Egyptian monotheist. Freud contradicts the biblical story of Moses with his own retelling of events, claiming that Moses only led his close followers into freedom during an unstable period in Egyptian history after Akhenaten (ca. 1350 BCE) and that they subsequently killed Moses in rebellion and later combined with another monotheistic tribe in Midian based on a volcanic God, Jahweh. Freud explains that years after the murder of Moses, the rebels regretted their action, thus forming the concept of the Messiah as a hope for the return of Moses as the Saviour of the Israelites. Freud said that the guilt from the murder of Moses is inherited through the generations; this guilt then drives the Jews to religion to make them feel better.

[New Perspectives on Freud's Moses and Monotheism](#) Ruth Ginsburg, Ilana Pardes, 2012-02-14 New Perspectives on Freud's Moses and Monotheism presents some of the most important current scholarship on Moses and Monotheism. The essays in this volume offer new perspectives on Freud's perception of Judaism, collective trauma, and collective repression, national violence, gender issues, hermeneutic enigmas, religious configurations, questions of representation and constructions of truth, while exploring the relevance of Moses and Monotheism in diverse fields from Jewish Studies, Psychoanalysis, History, and Egyptology to Literature, Musicology, and Art.

Moses and Monotheism Sigmund Freud, 2025-03-18T00:00:00Z In Moses and Monotheism, Freud speculates that Moses was not Jewish but actually born into Ancient Egyptian nobility and was perhaps a follower of Akhenaten, an ancient Egyptian monotheist. Freud further suggests that Moses led only his close followers into freedom during an unstable period in Egyptian history and that his followers subsequently killed Moses in rebellion afterward. Freud speculates that the guilt from the murder of Moses is inherited through the generations; this guilt then drives the Jews to religion to make them feel better.

Moses and Monotheism Sigmund Freud, 2015-09-16 Sigmund Freud's essay on the historical figure Moses and the beginnings of monotheism.

[Moses and Monotheism](#) Sigmund Freud, 1961

Moses and Monotheism Sigmund Freud, 1939

[The Origins of Religion](#) Sigmund Freud, 1985

Freud and Monotheism Gilad Sharvit, Karen S. Feldman, 2018-06-05 Over the last few decades, vibrant debates regarding post-secularism have found inspiration and provocation in the works of Sigmund Freud. A new interest in the interconnection of psychoanalysis, religion, and political theory has emerged, allowing Freud's illuminating examination of the religious and mystical practices in *Obsessive Neurosis and Religious Practices* and the exegesis of the origins of ethics in *Religion in Totem and Taboo* to gain currency in recent debates on modernity. In that context, the pivotal role of Freud's masterpiece, *Moses and Monotheism*, is widely recognized. Freud and Monotheism brings together fundamental new contributions to discourses on Freud and Moses, as well as new research at the intersections of theology, political theory, and

history in Freud's psychoanalytic work. Highlighting the broad impact of Moses and Monotheism across the humanities the contributors hail from such diverse disciplines as philosophy comparative literature cultural studies German studies Jewish studies and psychoanalysis Jan Assmann and Richard Bernstein whose books pioneered the earlier debate that initiated the Freud and Moses discourse seize the opportunity to revisit and revise their groundbreaking work Gabriele Schwab Gilad Sharvit Karen Feldman and Yael Segalovitz engage with the idiosyncratic eccentric and fertile nature of the book as a Sp tstil and explore radical interpretations of Freud's literary practice theory of religion and therapeutic practice Ronald Hendel offers an alternative history for the Mosaic discourse within the biblical text Catherine Malabou reconnects Freud's theory of psychic phylogenesis in Moses and Monotheism to new findings in modern biology and Willi Goetschel relocates Freud in the tradition of works on history that begins with Heine while Joel Whitebook offers important criticisms of Freud's main argument about the advance in intellectuality that Freud attributes to Judaism

Moses the Egyptian Jan

Assmann,2009-06-30 Standing at the very foundation of monotheism and so of Western culture Moses is a figure not of history but of memory As such he is the quintessential subject for the innovative historiography Jan Assmann both defines and practices in this work the study of historical memory a study in this case of the ways in which factual and fictional events and characters are stored in religious beliefs and transformed in their philosophical justification literary reinterpretation philological restitution or falsification and psychoanalytic demystification To account for the complexities of the foundational event through which monotheism was established Moses the Egyptian goes back to the short lived monotheistic revolution of the Egyptian king Akhenaten 1360 1340 B C E Assmann traces the monotheism of Moses to this source then shows how his followers denied the Egyptians any part in the origin of their beliefs and condemned them as polytheistic idolaters Thus began the cycle in which every counter religion by establishing itself as truth denounced all others as false Assmann reconstructs this cycle as a pattern of historical abuse and tracks its permutations from ancient sources including the Bible through Renaissance debates over the basis of religion to Sigmund Freud's Moses and Monotheism One of the great Egyptologists of our time and an exceptional scholar of history and literature Assmann is uniquely equipped for this undertaking an exemplary case study of the vicissitudes of historical memory that is also a compelling lesson in the fluidity of cultural identity and beliefs

The Earthy Nature of the Bible R. Boer,2012-11-15

Through a series of close readings Boer explores the earthy nature of the Bible These readings are gathered into three parts the Song of Songs Masculinities Paraphilias Each study is undertaken with rigorous attention to relevant scholarship and significant theoretical engagement especially with psychoanalysis ecocriticism and Marxism

Introduction to the Old Testament Bill T. Arnold,2014-04-07

This volume introduces ancient Israel's Scriptures or the Hebrew Bible commonly called the Old Testament It also traces the legacy of monotheism first found in the pages of the Old Testament Where pertinent to the message of the Old Testament the book explores issues of history comparative religions and sociology while striking a balance among these topics by focusing

primarily on literary features of the text In addition frequent sidebar discussions introduce the reader to contemporary scholarship especially the results of historical critical research and archaeology Along the way the book explores how the Old Testament conceptualized and gave rise to monotheism one of the most significant developments in history giving this study a currency for twenty first century readers

The Marrano Way Agata Bielik-Robson,2022-05-09

The Marrano phenomenon is a still unexplored element of Western culture the presence of the borderline Jewish identity which avoids clear cut cultural and religious attribution and precisely as such prefigures the advent of the typically modern free oscillating subjectivity Yet the aim of the book is not a historical study of the Marranos or conversos who were forced to convert to Christianity but were suspected of retaining their Judaism undercover The book rather applies the Marrano metaphor to explore the fruitful area of mixture and cross over which allowed modern thinkers writers and artists of the Jewish origin to enter the realm of universal communication without at the same time making them relinquish their Jewishness which they subsequently developed as a hidden tradition The book poses and then attempts to prove the Marrano hypothesis according to which modern subjectivity derives to paraphrase Cohen out of the sources of the hidden Judaism modernity begins not with the Cartesian abstract ego but with the rich self reflexive self of Michel de Montaigne who wrestled with his own marranismo in a manner that soon became paradigmatic to other Jewish thinkers entering the scene of Western modernity from Spinoza to Derrida The essays in the volume offer thus a new view of a Marrano modernity which aims to radically transform our approach to the genesis of the modern subject and shed a new light on its secret religious life as surviving the process of secularization although merely in the form of secret traces

Freud on Femininity and Faith Judith Van

Herik,1985 **Monotheism and Moses** Robert J. Christen,Harold E. Hazelton,1969

The American Journal of

Theology University of Chicago. Divinity School,1913 Vols 2 6 include Theological and Semitic literature for 1898 1901 a bibliographical supplement to the American journal of theology and the American journal of Semitic languages and literatures By W Muss Arnolt Separately paged

[The Story of Religion as Told in the Lives of Its Leaders](#) Charles Francis

Potter,1929 **American Journal of Theology** ,1908 Vols 2 6 include Theological and Semitic literature for 1898 1901 a

bibliographical supplement to the American journal of theology and the American journal of Semitic languages and

literatures By W Muss Arnolt Separately paged **The Theological Aspect of Reformed Judaism** Max Leopold

Margolis,1904 **The Price of Monotheism** Jan Assmann,2009-10-29 Nothing has so radically transformed the world as

the distinction between true and false religion In this nuanced consideration of his own controversial Moses the Egyptian

renowned Egyptologist Jan Assmann answers his critics extending and building upon ideas from his previous book

Maintaining that it was indeed the Moses of the Hebrew Bible who introduced the true false distinction in a permanent and

revolutionary form Assmann reiterates that the price of this monotheistic revolution has been the exclusion as paganism and

heresy of everything deemed incompatible with the truth it proclaims This exclusion has exploded time and again into

violence and persecution with no end in sight Here for the first time Assmann traces the repeated attempts that have been made to do away with this distinction since the early modern period He explores at length the notions of primary versus secondary religions of counter religions and of book religions versus cultic religions He also deals with the entry of ethics into religion s very core Informed by the debate his own work has generated he presents a compelling lesson in the fluidity of cultural identity and beliefs

By the Rivers of Babylon Roger F. Cook, 1998 German poet Heinrich Heine was bedridden with a debilitating illness for the last eight years of his life during which time he reassessed many of his previous views on life By the Rivers of Babylon examines the changes in his thinking about history philosophy and religion during that period and shows how those changes are reflected in his later poetry Roger Cook offers an analysis of Heine s vehement renunciation of the Hegelian ideas that had shaped his earlier conception of history Refuting accepted opinions that this shift in thought was a displaced opposition to social developments Cook contends that these late writings represent Heine s consistent rejection of idealist philosophy and reveal Heine s new understanding of poetry s role as a transmitter of myth Cook shows how Heine transcended the boundaries of European culture and Judeo Christian religion by aligning his work with alternative cultures on the margins of society
