## **Mortal Error:**

**Mortal Error** Bonar Menninger,2021-03-25 In 1967 a Baltimore man named Howard Donahue began investigating the assassination of President John F Kennedy Like countless Americans Donahue was fascinated by the events in Dallas But what separated him from other amateur sleuths and even the Warren Commission s experts was a lifetime s experience with guns and ballistics In Mortal Error Bonar Menninger chronicles Donahue s twenty five year investigation of President Kennedy s death and the stunning revelation his work produced In crisp rapid fire prose Menninger relates one of the greatest true life detective stories ever told More importantly he offers solutions to questions that have haunted America for more than 50 years Complete with 15 forensic diagrams photos and illustrations including images from the crime scene and the president s autopsy this thoroughly researched expos delves deeply into every angle of the Kennedy assassination It examines the infamously controversial Warren Report various the ories surrounding the shooting and previously undisclosed forensic and ballistic clues to build a case for the clearest most plausible explanation yet about the events of that historic day in Dallas

**Mortal Error** Bonar Menninger,1992-01-01 Another conspiracy theory identifies the two men who operating separately allegedly shot President Kennedy in the Crime of the Century Reprint **Reclaiming History** Vincent Bugliosi,2007-05-17 For fifty years the truth about the assassination of President John F Kennedy has been obscured This book releases us from a crippling distortion of American history At 1 00 p m on November 22 1963 President John F Kennedy was pronounced dead the victim of a sniper attack during his motorcade through Dallas That may be the only fact generally agreed upon in the vast literature spawned by the assassination National polls reveal that an overwhelming majority of Americans 75% believe that there was a high level conspiracy behind Lee Harvey Oswald Many even believe that Oswald was entirely innocent In this continuously absorbing powerful ground breaking book Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of history The brilliant prosecutor of Charles Manson and the man who forged an iron clad case of circumstantial guilt around O J Simpson in his best selling Outrage Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination This is an achievement that has for years seemed beyond reach No one imagined that such a book would ever be written a single volume that once and for all resolves beyond any reasonable doubt every lingering question as to what happened in Dallas and who was responsible There have been hundreds of books about the assassination but there has never been a book that covers the entire case including addressing every piece of evidence and each and every conspiracy theory and the facts or alleged facts on which they are based In this monumental work the author has raised scholarship on the assassination to a new and final level one that far surpasses all other books on the subject It adds resonance depth and closure to the admirable work of the Warren Commission Reclaiming History is a narrative compendium of fact forensic evidence reexamination of key witnesses and common sense Every detail and nuance is accounted for every conspiracy theory revealed as a fraud on the American public

Bugliosi's irresistible logic command of the evidence and ability to draw startling inferences shed fresh light on this American nightmare. At last it all makes sense.
