## **Mortal Matters:**

**Being Mortal** Atul Gawande, 2014-10-07 Gawande a practicing surgeon addresses his profession's ultimate limitation arguing that quality of life is the desired goal for patients and families of the terminally ill *Being Mortal* Atul Gawande, 2014 In *Being Mortal* Gawande examines his experiences as a surgeon as he confronts the realities of ageing and dying in his patients and in his family as well as the limits of what he can do. And he emerges with a story that crosses the globe and history exploring questions that range from the curious to the profound. What happens to people's teeth as they get old? Did human beings really commit senecide, the sacrifice of the elderly? Why do the aged so dread nursing homes and hospitals? How should someone give another person the dreadful news that they will die? This is a story told only as Atul Gawande can penetrate people's lives and also the systems that have evolved to govern our mortality. Those systems he observes routinely fail to serve or even acknowledge people's needs and priorities beyond mere survival. And the consequences are devastating: lives, families, and even whole economies. But as he reveals, it doesn't have to be this way. Atul Gawande has delivered an engrossing tale of science, history, and remarkable characters in the vein of Oliver Sacks. **The**

The anthology is designed to be used in conjunction with *The Cambridge History of Renaissance Philosophy*, in which all of these texts are discussed.
