cousins he notices that keeping close to family is important Christopher finds himself in a world of war and peace at the same time holding on to family and school values in an uncertain South that is in the midst of abolishing slavery The Civil War to me seemed to be a conflict in which the North and the South could not possibly reverse It split the very being of the Northerners making them deathening against the Southerners The North wanted to end slavery with more and more needs contracted to be met the South used slaves to sustain their wealthier with hard to field crops such as cotton strawberries corn and in the Midwest wheat The lowerure going against the South the North thought that within the first two battles the South would suffer a major defeat withdrawing the South lowering their flag in a meaningful retreat Once this didn t happen an hourly battle became days as the standoff lasted weeks The South at Arlington had defended their side at Arlington Manassas and Central Juncture handed the South major victories To the North Virginia brigade the Civil War was not going to be a quick and easy conflict to resolve This persistence forced President Lincoln to find resources to assist the North in the battle with the South Likewise this was not an easy War for the North thinking in part that they should have defeated the South at Arlington Manassas and Central Junction this did not happen leaving the North looking for new strategist to figure tactics of how to defeat the South See not only did the proclamation changed life of the people in the United States but it also changed the life of those who lived overseas The Proclamation Emancipation made it so that slave trading was illegal within the United States Having that been said Abraham Lincoln had to pass new amendments to hold the South in treason against the United States for their actions The North and the South activated West Point graduates to take over the military difficulties The North needed the Military to only partner with the United States of America The actual government financing the North should have had all of the best war strategist by the third battle the United States Government realized that this was not true What wasn t happening was the unparallel recognizable infallible invaluable decision making of West Point to split their graduates in a way that jeopardized the carriers of the commanders them selves New graduates eagerly went off to war with out practical understanding that they had entered a dispute that wore no boundaries and had no limits Soon fresh graduates found out the capacity of the United States to go as far as to levy the land underneath their opponent to win the battle As the North went to war against the South they noticed that more West Point graduates participated with the Northside even though many graduates had come from the Southside The President of the South being Jefferson Davis happened to be a West Point graduate that respected his parents and families greater than his career with the United States Government Jeopardizing both Family and career in the end the South lead by Jefferson Davis condemned the Norths propersition to protect runaway slaves The United States became divided the South followed absurd dictation from the Bible that was worded in a way to make slavery seem as if it was proper for upright citizens to own and trade slaves Truthfully it was not proper for leglets to change the words of the Bible and dictating it in such a way that made it sound as if it was legal to own and trade slaves The Fellowship of the church became distraught over the legality of human rights and slavery This

made preachers feel in such a way that the United States could no longer tame the fire that raged deep in the heart of Noble men that the United States was now unable to be righteously before God thus creating a split straight to the heart of America that no one could deny Families that once had names that were conjunctions such as the Smithfield s then became Smiths and the fields split by proprietor rights to own slaves Also families such as the Bass Mason and the West England s now broke their names down into more commonly known one syllable names while one clan swayed towards the North as the other clan went South As the Civil War waged on those friends and family disembarked from their original family ties who became sworn enemies of one another due to their beliefs A bitter fight that took the lives of tens of millions lost over a dispute about life Whole towns set out to paint their towns red as others yellow to show that they where against the North and for the south as yellow was common during the Civil War to claim the North side The change was evident as the South took trains to their destinations the North also flew by train as it was called before aeronautics was even thought of in history Often the train was used to carry troops back and forth to battles The train being the only other means of transportation made a major difference in logistics support as well as massing troops across the land The train becoming main stream in 1817 it was composed of burning fuels to heat boilers which granted them the name steam locomotives The need for slaves rose as it was easier to move products by train to there destinations especially coal and timber In Chattanooga Tennessee slaves were used in a completely different way as they moved wash wood to the Mills As times got harder the expenses grew greater the rich became richer as it happened until the land owners couldn t operate without slaves due to supply meet demand scales of work production the South became dependent on slavery Being a distinct difference in the metropolis of the Northern States vs the horticultural living of the Southern States the propaganda went into a profound cross road of good vs evil that the United States could no longer ignore this disagreement of human rights war became eminent President Lincoln left with no other means or choices to control the Southern land owners optioning out of war was not an opinionated decision there was no way to deter the conceivable fact that slavery was wrong being unstoppable the Civil War rang out
