## **Lordly Ones:**

**The Lordly Ones** Keith Roberts, 2013-08-29 Keith Roberts' *The Lordly Ones* offers a wide variety of science fiction and fantasy and even a ghost story. The title story is a vision of near future Britain collapsing in social disorder told from the viewpoint of a slow-witted lavatory attendant. Another tale, 'The Comfort Station', approaches a similar situation from a quite different perspective. In other stories we see Roberts in a more light-hearted vein: 'The Checkout' is another of his series of stories about a modern-day witch, Anita; or 'Diva', a tale of a singer of unique abilities. In 'Ariadne Potts', a man's wish brings a classical statue to life with inevitably unfortunate results. 'The Castle and the Hoop' is an atmospheric ghost story set around the pubs of Southwark. And 'Sphairistike' is perhaps the only science fiction story ever to centre on the game of tennis.

*Knowledge of God in Classical Sufism*, 2004 This volume, the ninth on Islamic material to be published in the Classics of Western Spirituality series, brings to light a highly significant but little known area of Islamic spirituality. Editor John Renard has assembled here a volume of texts most translated here for the first time, culled from the great Sufi manuals of spirituality on the theme of the complex and multi-faceted role of knowledge in relation to the spiritual life. He presents excerpts on knowledge from the works of nine major Muslim teachers, most translated from Arabic but also including important texts from Persian originals. The Introduction offers a survey of the development of Sufi modes of knowing through the thirteenth century in their broader context and then focuses on the manuals or compendia of Sufi spirituality treated here. Historical notes provide brief identifications of many of the individual sources and personalities mentioned throughout the treatises.

**E48 The American Hebrew**, 1927    **The Pathology of Desire in Daphne du Maurier's Short Stories** Setara Pracha, 2023-01-09

Following a resurgence of interest in Daphne du Maurier's writing, *The Pathology of Desire in Daphne du Maurier's Short Stories* offers an overview of all her collections and a detailed reading of nine stories. These contain recurrent references to the incomplete or impaired human form and are best read through a corporeal lens. The criticism illustrates her importance as a cultural commentator fascinated by the results of frustrated human desire and includes a synopsis of the published collections and the stories within them to give the reader a sense of the variety of the overarching themes and the persistent force of corporeality in the stories. Du Maurier is well known as a novelist but her short fiction is pivotal to understanding her position and influence as a writer. She rewrites fairytales and foregrounds female violence long before it became a cultural trend.

**The Lordly Ones** Benjamin Harrison Lehman, 1927    **System Reset** John Sherwood Illsley, 2009-02-26 Why is there only one species of human? What happened to the others? Did they become extinct? Or are they still here? Waiting. When Federal agent Mike Throckmorton is assigned to investigate Anglo-American tycoon Drew Quatermain, he finds himself drawn into a mysterious family whose wealth is the least of their extraordinary assets and whose capabilities are out of this world. And this world is about to end.
