Geehr, 1990 A biography of the Christian Social mayor of Vienna 1897 1910 Ch 5 p 171 207 Running with the Hares Hunting with the Hounds discusses Lueger's antisemitism which many historians have tended to discount While leaving open the question of Lueger's personal convictions argues that his antisemitic remarks and those of his party associates exerted an extremely harmful influence which continued through the First Republic and is still felt today and that only the limitations imposed on him by the Emperor prevented drastic measures against the Jews Reviews the position of Lueger and the Christian Socialists in the debate over Jews at the university especially the medical school the antisemitic productions of Adam Müller-Guttenbrunn's Kaiserjubilums Stadttheater the Aryan Theater and demands for segregation in the public schools **The Impact of Ideas on Legal Development** Michael Lobban, Julia Moses, 2014-07-31 How have social and philosophical ideas influenced the development of tort law in Europe *Understanding Ferdinand Tönnies' Community and Society* Niall Bond, 2013 This book surveys Ferdinand Tönnies' intellectual biography Community and Society and retraces the origins of a founding work of the modern social sciences and

a classic of political thought to vital contrasts in Tonnies early life philosophers natural law theorists the Enlightenment the Romantic movement the socialists of the lectern Marx Schopenhauer Nietzsche and 19th century legal theorists The book illuminates the at times obscure intent behind Tonnies sociology theory of history and controversial ground breaking concepts Series Soziologie Forschung und Wissenschaft Vol 26 **State-Making in an Age of Revolution, 1830-1880** Christos Aliprantis, Anna Ross, 2025-07-02 How did states expand in the mid nineteenth century While scholars now associate the period after the 1848 revolutions with a striking increase in state activity few have demonstrated how new state building measures were put into practice From France to Hungary and Scandinavia to Spain State Making in An Age of Revolution shows how officials went about implementing reform With original contributions grounded in extensive archival research this volume casts light on the scale at which officials relied on elites professionals and technical experts both inside and outside of government and even from outside their own states to carry out their expanding work Together these findings help us to re think the reach and nature of growing states during these pivotal decades of change The Implementation of the EU Services Directive Ulrich Stelkens, Wolfgang Weiß, Michael Mirschberger, 2012-02-25 The Services Directive is one of the cornerstones for the realization of the EU internal market and is fundamental to economic and legal experts as well as to the general public This book analyses in detail the different steps taken by each of the 27 EU Member States in the implementation process of the Services Directive It provides not only detailed information about the changes in national law adopted by the Member States but also facilitates a comparison of the different implementation strategies It gives an insight in the heterogeneity or homogeneity of implementation concepts and shows how European legislation affects legislation that were originally nationally dominated such as the law of national administration Valuable for academics interested in European and administrative law and the transposition of European lawmaking into domestic law as well as for civil servants in ministries chambers of commerce local governments and other comparable institutions having to implement the Directive
