## Los Mongoles En Bagdad:

**No puedes leer esto** Val Ross,2006      Sociedad y cultura en la antigua Mesopotamia Josef Klima,1983-09-01 Tomando como base los resultados de las investigaciones arqueológicas las fuentes sumerias y acadias y una extensa documentación literaria se analizan los rasgos fundamentales de las relaciones socioeconómicas y de la vida cultural en la Antigua Mesopotamia      *EL ARTE MAMELUCO. *Barbarie* José G. Parada,2024-04-18 A qué tiempos debemos remontarnos para encontrar los orígenes de la violencia humana. Cuando fueron los acontecimientos más sangrientos contra las masas. ¿Qué sucede hoy con las muertes salvajes que golpean al mundo? José G. Parada, licenciado en Letras con más de veinte libros publicados, realiza un recorrido a través de los crímenes de guerra y de lesa humanidad: genocidios, masacres, pogromos y actos terroristas más atroces de la historia.      El libro negro de la humanidad Matthew White,2012-11-15 Matthew White se ha hecho mundialmente famoso por su esfuerzo en identificar las peores matanzas de la historia y lo que es más importante por cuantificarlas por establecer utilizando toda la información posible el número de las víctimas de cada uno de los acontecimientos que estudia desde la Segunda Guerra Persa y las campañas de Alejandro Magno hasta los genocidios de Ruanda y del Congo. Como dice Steven Pinker, profesor de la Universidad de Harvard, establecer los números de los muertos en cada una de las guerras y las matanzas es un atroz pero crucial ejercicio necesario para contestar preguntas como: ¿Ha sido realmente el siglo XX el más violento de la historia? ¿Cuál ha sido la causa de los mayores sufrimientos humanos: las religiones, los tiranos, el capitalismo, el comunismo, la lucha por los recursos o por el territorio? Sin alguna idea acerca de los números de las víctimas que los historiadores no nos han dado hasta ahora, no podemos ni siquiera comenzar a contestar estas preguntas.      **Historia del arte en todos los tiempos y pueblos** Karl Woermann,1923      **Diccionario enciclopédico de historia, biografía, mitología y geografía** Louis Grégoire,1874

La tradición árabe ha transmitido un registro escrito impresionante del legado clásico pero hasta tiempos recientes no se ha observado con nuevos estmulos una parte del mismo.

la poesía compuesta por mujeres que quizás sorprenda por la cantidad de materia conservada. Gacelas de arena presenta una antología de 30 poetas que vivieron entre los siglos V y XIII en diversas regiones del mundo árabe de entonces e incluye la traducción de 99 poemas. La muestra es significativa de lo que fue la producción femenina dentro de ese marco y nos invita a contemplar el paisaje a través de otras miradas a matizar los colores con los que hasta ahora se ha pintado.
