Losing Willy:

Lucky Boy in the Lucky Country Warner Max Corden, 2018-01-04 Corden has written a charming and insightful account of his professional and personal life from his childhood in Breslau Germany until his retirement in Melbourne. The book is divided into two parts. Part I considers Corden's early life from a young boy growing up in Nazi Germany to his immigration from England to Australia and what that means for the author's self-identity. Part II addresses Corden's work on the Australian Protection Policy for which he is perhaps best known, before reflecting upon the author's time at Oxford University and the Australian National University and finally moving on to review contributions made at the IMF, Johns Hopkins University, and The World Bank. This book will be of interest to all aspiring economists as well as established economists familiar with Corden's work. It is an inspiring and profound record of the intellectual journey made by one of Australia's best known economists.

Death of a Salesman Arthur Miller, 1976-10-28 The Pulitzer Prize-winning tragedy of a salesman's deferred American dream. Ever since it was first performed in 1949, *Death of a Salesman* has been recognized as a milestone of the American theater. In the person of Willy Loman, the aging failing salesman who makes his living riding on a smile and a shoeshine, Arthur Miller redefined the tragic hero as a man whose dreams are at once insupportably vast and dangerously insubstantial. He has given us a figure whose name has become a symbol for a kind of majestic grandiosity and a play that compresses epic extremes of humor and anguish, promise and loss, between the four walls of an American living room. By common consent, this is one of the finest dramas in the whole range of the American theater.

Brooks Atkinson, *The New York Times*. So simple, central, and terrible that the run of playwrights would neither care nor dare to attempt it. *Time*
