## **Lost Battalions:**

**Lost Battalions** Richard Slotkin, 2005-11-29 Examines the United States history of ethnic assimilation and racial strife through the experience of World War I regiments the fabled Harlem Hell Fighters of the 369th infantry and the legendary lost battalion of the 77th division

**Lost Battalions** Franz Steidl, 2008-12-30 The remarkable story of two battalions one German one American cut off in the same forest at the same time and the heroic efforts to save them The 1st Battalion 141st Infantry Alamo Regiment had been cut off for six days and food water and ammunition were running out Sent to rescue the Texans were the Japanese American Nisei of the famed Go For Broke 100 442d Regimental Combat Team At virtually the same time only five miles away a similar drama unfolded as the Wehrmacht's 201st Mountain Battalion attempted an equally desperate rescue of its sister unit the 202d Mountain Battalion The weather was abysmal the terrain virtually impassable Some generals lost their sons there other generals lost only their honor Told by the soldiers American and German from both sides Lost Battalions is an unforgettable account of courage honor and humanity

**The Lost Battalion and the Meuse-Argonne, 1918** Micheal Clodfelter, 2007-01-01 This volume with exhaustive on site research details America's last major offensive of World War I the Battle of the Meuse Argonne which took place from September 26 through November 11 1918 It examines the movements and countermovements that comprised the still unequalled conflict of the Argonne Forest The main focus of the work is the five day isolation and besiegement of the so called Lost Battalion From October 2 to 5 Major Charles Whittlesey and 554 men were cut off from all other U S units and attacked by German forces in an area known as The Pocket Written with a view toward bringing this legendary tale to a more personal level the work creates a vivid picture of the men who lived fought and died in the final all consuming battle of World War I

**Five Days in October** Robert H. Ferrell, 2005 During American participation in World War I many events caught the public's attention but none so much as the plight of the Lost Battalion Comprising some five hundred men of the Seventy seventh Division the so called battalion was entrapped on the side of a ravine in the Argonne Forest by German forces from October 2 to 7 1918 The men's courage under siege in the midst of rifle machine gun mortar and artillery fire coming both day and night with nothing to eat after the morning of the first day save grass and roots and with water dangerous to obtain has gone down in American history as comparable in heroism to the defense of the Alamo and the stand at the Little Big Horn of the troops of General George A Custer Now in Five Days in October historian Robert H Ferrell presents new material previously unavailable about what really happened during those days in the forest Despite the description of them as a lost battalion the men were neither lost nor a battalion The name was coined by a New York newspaper editor who upon learning that a sizable body of troops had been surrounded thought up the notion of a Lost Battalion it possessed a ring sure to catch the attention of readers The trapped men actually belonged to companies from two battalions of the Seventy seventh and their exact placement was well known reported by runners at the outset of the action and by six carrier pigeons released by their commander Major Charles

W Whittlesey during the five days his men were there The causes of the entrapment were several including command failures and tactical errors The men had been sent ahead of the main division line without attention to flanks and because of that failure they were surrounded Thus began a siege that took the lives of many men leading to the collapse of the 308th Infantry Regiment and many believe to the suicide of Major Whittlesey three years later This book grew out of Ferrell's discovery of new material in the U S Army Military History Institute at the Army War College from the papers of General Hugh A Drum and in the National Archives in College Park Maryland The Drum papers contain the court martial record of the lieutenant of a machine gun unit attached to the battalions who advised Major Whittlesey to surrender while the Seventy seventh Division files contain full accounts of the taut relations between the Lost Battalion's brigade commander and the Seventy seventh's division commander By including this material Ferrell gives a new accounting of this intriguing affair Five Days in October will be welcomed by all those interested in a fuller understanding of the story of the Lost Battalion

Messengers of the Lost Battalion Gregory Orfalea, 2010-05-11 The author of *Before the Flames* and the son of a member of the ill-fated infantry battalion discusses America's 551st Battalion and their heroic little-known role during World War II's Battle of the Bulge

**The Lost Battalions** Tom Gilling, 2018-08-29 A little-known story of two Australian battalions abandoned in Java during World War II and the heroes who kept them alive in the worst of Japan's prisoner-of-war camps They were thrown into a hopeless fight against an overwhelming enemy Later hundreds died as prisoners of war on the Thai Burma Railway and in the freezing coal mines of Taiwan and Japan Through it all wrote Weary Dunlop they showed fortitude beyond anything I could have believed possible Until now the story of the 2000 diggers marooned on Java in February 1942 has been a footnote to the fall of Singapore and the bloody campaign in New Guinea Led by an Adelaide lawyer Brigadier Arthur Blackburn VC and fighting with scrounged weapons two Australian battalions plus an assortment of cooks laundrymen and deserters from Singapore held up the might of the Imperial Japanese Army until ordered by their Dutch allies to surrender Drawing on personal diaries official records and interviews with two of the last living survivors this book tells the extraordinary story of the lads from Java who laid down their weapons but refused to give in

*The Lost Battalion* Charles Krohn, 1993-11-19 In 1968 in South Vietnam a U S infantry battalion was ordered to charge a fortified North Vietnamese Army force 200 yards away over an open field with no artillery or air support The defenders had every advantage The

Americans started moving across the field just before noon every man a target By the time they reached the tree line at the other side of the open field nearly one half of the 400 man battalion was a casualty Nine long agonizing hours afterwards U S artillery units began support fire although the units remained desperately short of ammunition The entrapped men saw their fate death or captivity Help from headquarters was neither offered or available The following night the battalion commander decided to make a run for it It was a gamble with high stakes But the battalion did make it through enemy lines to a mountaintop where the NVA could not follow When the Lost Battalion finally escaped encirclement after nine hours with no artillery or air support and 30 hours of fighting against an enemy that outnumbered them three to one the tragic episode disappeared from official memory and relevant U S Army records as if nothing had happened Krohn tells the whole story and it tells it with the words of those present That some of the testimony comes from those responsible is remarkable **The**
