Lost Children:

Title IV, Missing Children's Assistance Act United States. Congress. House. Committee on Education and Labor. Subcommittee on Human Resources, 1985 **The Lost Child in Literature and Culture** Mark Froud, 2017-10-18 This book is an extensive study of the figure of the lost child in English speaking and European literature and culture. It argues that the lost child figure is of profound importance for our society a symptom as well as a cause of deep trauma. This trauma or void is a fundamental disruption of the structures that define us self history and even language. This puts the figure of the child in context with previous research that the modern conception of a child was formed alongside modern conceptions of memory. The book analyses the representation of the lost child through fairy tales historical oppression and in recent novels and films. The book then studies the connection of the lost child figure with the uncanny and its centrality to language. The book considers the lost child figure as an archetype on a metaphysical and philosophical level as well as cultural Missing Children's Assistance Act United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Juvenile Justice, 1984 *The Lost Children: Part 1 of 3* Mary MacCracken, 2014-01-16 The Lost Children can either be read as a full length eBook or in 3 serialised eBook only parts. This is PART 1 of 3 Chapters 1 4 of 25. You can read Part 1 two weeks ahead of release of the full length eBook and paperback **The Lost Children of Wilder** Nina Bernstein, 2011-03-23 In 1973 Marcia Lowry a young civil liberties attorney filed a controversial class action suit that would come to be known as Wilder which challenged New York City's operation of its foster care system. Lowry's contention was that the system failed the children it was meant to help because it placed them according to creed and convenience not according to need. The plaintiff was thirteen year old Shirley Wilder an abused runaway whose childhood had been shaped by the system's inequities. Within a year Shirley would give birth to a son and relinquish him to the same failing system. Seventeen years later with Wilder still controversial and still in court Nina Bernstein tried to find out what had happened to Shirley and her baby. She was told by child welfare officials that Shirley had disappeared and that her son was one of thousands of anonymous children whose circumstances are concealed by the veil of confidentiality that hides foster care from public scrutiny. But Bernstein persevered. *The Lost Children of Wilder* gives us in galvanizing and compulsively readable detail the full history of a case that reveals the racial religious and political fault lines in our child welfare system and lays bare the fundamental contradiction at the heart of our well intended efforts to sever the destiny of needy children from the fate of their parents. Bernstein takes us behind the scenes of far reaching legal and legislative battles at the same time as she traces in heartbreakingly counterpoint the consequences as they are played out in the life of Shirley's son Lamont. His terrifying journey through the system has produced a man with deep emotional wounds a stifled yearning for family and a son growing up in the system's shadow. In recounting the failure of the promise of benevolence *The Lost Children of Wilder* makes clear how welfare reform can also damage its intended beneficiaries. A landmark achievement of investigative reporting and a tour de force of social

observation this book will haunt every reader who cares about the needs of children **The Lost Children: Part 3 of 3**
