Lost Tycoon:

The Lost Tycoon Harvey Hurt, 1993-05-01 **Lost Tycoon** Harry Hurt, III, 1994-03 *The Fortune Hunters* Charlotte Hays, 2007-08-07 From Madame de Pompadour the famed mistress of Louis XV to Pamela Harriman who married into the English aristocracy and the American plutocracy there is a rich history of women who have found glamour and wealth in the arms of a billionaire But contrary to what you may think fortune hunting is no idle pursuit Like diving for treasure it s a real job Some women strive to be CEOs others prefer to wed them You ll meet today s dazzling successes in this book What kind of woman does it take to make the Midas marriage Exploring the lives of the great fortune hunters of our day reporter and former gossip columnist Charlotte Hays answers this tantalizing question You ll learn about the South Carolina woman who took a trip around the world with a shadowy shipping magnate only to meet and marry a philandering marquis You ll see what methods these women use to lure their powerful men including one playful fortune seeker who at a very high society soir e hurled a piece of bread at her intended beau starting a food fight You ll meet the New York socialite who remarried so quickly after a divorce her ex claimed she was a bigamist What are their recipes for riches Can a genuinely nice woman pursue this career What does love have to do with it With original interviews and photos Hays casts a light on the determination skill and yes sometimes ruthlessness that have shaped some of the most successful and lucrative unions of our time *Veblens America* Sidney Plotkin, 2018-12-28 Donald Trump s astonishing rise to the US presidency challenges conventional understandings of American politics yet he is distinctively American His biography and family lineage reflect American traditions such as real estate hucksterism and buccaneering salesmanship But Trump s pugnacity also reflects the shadow of other darker American traditions of misogyny racism and xenophobia patterns that formed what Thorstein Veblen called a sclerosis of the American soul Using Veblen s theory of American development to explore the nation s curious fusion of barbarism and liberal democracy Veblen s America taps the rich vein of the sociologist s early twentieth century insights to shed light on the Trump phenomenon that has overwhelmed and threatened early twenty first century American democracy *Lost Tycoon* Harry Hurt, 3rd, 2016-07-15 *Lost Tycoon* presents an unvarnished in depth portrayal of the man who vows to Make America Great Again Although it was first published in 1993 *Lost Tycoon* shows us that The Donald s personal character political philosophy business ethics and attitude towards women haven t changed much in the past two decades Trump is a man of many lives and many wives He is arguably the greatest self promoter in the annals of American business After inheriting a fortune he made and lost billions in real estate and casino gambling rising phoenix like from his own ashes He is a reality television show star a father a grandfather and an alleged rapist In Hollywood terms he has literally been the producer and director of his own biopic a real life *Citizen Kane* whose father hammered the same lines into his head when was a little boy You are a killer you are a king you are a killer you are a king Harry Hurt has created a cinema verit style narrative that allows the words and actions of the principals to speak for themselves It is indisputable that Donald s

exploits in business entertainment and politics prove that he is to borrow a metaphor from Fred Trump Sr a killer Reading this important biography about the real Donald Trump will help you to make an informed and engaged choice as to whether he is worthy of being king

The Strange Case of Donald J. Trump Dan P. McAdams, 2020-02-17 The Strange Case of Donald J Trump provides a coherent and nuanced psychological portrait of Donald Trump drawing upon biographical events in the subject s life and contemporary scientific research and theory in personality developmental and social psychology Dan P McAdams renowned psychologist who pioneered the study of lives examines the central personality traits personal values and motives and the interpersonal and cultural factors that together have shaped Trump s psychological makeup with an emphasis on the strangeness of the case that is how Trump again and again defies psychological expectations regarding what it means to be a human being The book s central thesis is that Donald Trump is the episodic man The chapters structured as stand alone essays each riffing on a single psychological theme build on each other to present a portrait of a person who compulsively lives in the moment without an internal story to integrate his life in time With an emphasis on scientific personality research rather than political rhetoric McAdams shows that Trump s utter lack of an inner life story is truly exceptional This book is a remarkable case study which should be of as much interest to psychologists as it is to readers trying to reckon with the often confounding behavior and temperament of the 45th President of the United States

The Lost Tycoon Harry Hurt, 1993 A look at the fortunes and misfortunes of the multimillionaire uses untapped family sources to describe Trump s dealing with political fixers and contractors his ties to organized crime his personal life and his financial situation 30 000 first printing Tour

Empires of Entertainment Jennifer Holt, 2011-06-01 Empires of Entertainment integrates legal regulatory industrial and political histories to chronicle the dramatic transformation within the media between 1980 and 1996 As film broadcast and cable grew from fundamentally separate industries to interconnected synergistic components of global media conglomerates the concepts of vertical and horizontal integration were redesigned The parameters and boundaries of market concentration consolidation and government scrutiny began to shift as America s politics changed under the Reagan administration Through the use of case studies that highlight key moments in this transformation Jennifer Holt explores the politics of deregulation the reinterpretation of antitrust law and lasting modifications in the media landscape Holt skillfully expands the conventional models and boundaries of media history A fundamental part of her argument is that these media industries have been intertwined for decades and as such cannot be considered separately Instead film cable and broadcast must be understood in relation to one another as critical components of a common history Empires of Entertainment is a unique account of deregulation and its impact on political economy industrial strategies and media culture at the end of the twentieth century
