**Agricultural Fluctuations in Europe** Wilhelm Abel, 2013-11-05 Wilhelm Abel s study of economic fluctuations over a

period of seven hundred years has long been established as a core text in European agricultural history Professor Abel was one of the first economic historians to make extensive use of statistical data and his scholarship and approach have had a decisive effect on the orientation of economic and agricultural history Using data on population wages and rents from England France Germany and the Low Countries and on occasion from Italy Scandinavia and Poland here Professor Abel demonstrates the striking similarity in the overall economic development for all these areas He also analyses the short term fluctuations that have affected agricultural development within this economic framework and is able to show the broad significance of the shape of the late medieval depression the scale of the desertions of villages that accompanies it and the implications of the sixteenth century price revolution The book's importance lies in tracing the long term trends that have characterized European economic development since the High Middle Ages and as such it has made an invaluable contribution to all comparative analyses of different Western European countries since it was first published in 1980

**The Lost Village of Delta** Mary J. Centro, 2008 Home to a community of hardworking farmers and mill workers the village of Delta stood along the banks of the Mohawk River until it was evacuated by the state to raise the water in the Erie Canal Before the flooding of the river Delta was a small country village with the same postmaster for over 30 years and families farming the same land for generations In order to raise the water the state approved the construction of five reservoirs across New York The town was evacuated soon after and the land that generations of residents toiled over now sits at the bottom of Lake Delta

**The Lost Villages of Scituate** Raymond A. Wolf, 2009-09-14 In 1915 the general assembly appointed the Providence Water Supply Board to condemn 14 800 acres of land in rural Scituate The hardworking people of the five villages were devastated By December 1916 notices were delivered to the villagers stating that the homes and land they had owned for generations were to be taken and destroyed Construction was well under way by 1921 and water was being stored by November 10 1925 On September 30 1926 the treatment plant began operation It now serves more than 60 percent of Rhode Islanders The 21 million project was the largest ever undertaken in the state at the time The dam that annihilated the villages is 3 200 feet long and 100 feet high and holds back more than 40 billion gallons of water Today these quiet villages lie up to 87 feet beneath the cold dark waters of the Scituate Reservoir

**The Lost Village** Richard Askwith, 2012-06-30 The idea of the village unspoilt unpretentious unchanging and growing almost organically out of the landscape is one of the most potent in the English imagination Writers artists and ordinary people have waxed lyrical on the theme for centuries while today millions have left the cities in search of the rural idyll Yet the village is plainly dying The unchanging rhythms of village life as experienced with little variations by generations have vanished But not without trace they exist in living memory In the voices of men and women for whom the old ways were life shaping realities Richard Askwith an award winning writer and journalist describes a journey in search of the quintessential English village through dales and suburbs down ancient lanes and estates He captures the voices of poachers and gamekeepers farmers and hunters
