Anne Musoke, 2014-01-13 In this particular book Anne's writing leans largely towards explorative ideas and experiences of love Anne is someone who believes deeply in love and often says to friends family and colleagues that when a person finds love and is able to give and share it freely as well as receive it wholly while protecting it and treating it with honour and respect it is then that one has truly found their purpose in life This is because love is the driving force behind all we do as humanity Anne was fortunate enough to find a true love in her life at a young age and unfortunately that true love also at some point turned into true pain through various incidents within the relationship Anne was left alone to wonder about the high price that one may pay for love Over a period of years Anne began to write and keep her feelings and musings and these all culminate into the collection of poetry in Love of a child Sorrow of a woman After years of working in the mainstream employment field Anne has now taken residence in a quiet peaceful town where she spends her time reading and writing and sharing her life with others in the form of her poetry in the hope that it will bring as much healing joy laughter and
