## Managing Generation Y:

**Not Everyone Gets A Trophy** Bruce Tulgan, 2009-01-23 This book will frame Generation Y children born between 1978-1991 for corporate leaders and managers at a time when the corporate world is desperate to recruit and retain workers in this age group. It will debunk dozens of myths including that young employees have no sense of loyalty, won't do grunt work, won't take direction, want to interact only with computers, and are only about money. This book will make a unique contribution in four key ways. It will disprove the idea that the key to recruiting, retaining, and managing this generation is to somehow make the workplace more fun. To the contrary, Tulgan argues that the key to winning the respect of this generation and getting the best effort out of them is to carefully manage their expectations by never downplaying any negative aspect of a job. He will show managers how this generation thinks transactionally in all negotiations. For them, it's about what they will do for you today and what you will do for them today, not tomorrow or five years from today, but today. He will explain why they have no interest in tying their futures to your corporation. But he will also make clear that they do have a well-thought-out plan for themselves, one that requires that every job they take build up their skill sets so they become more valuable employees for someone else if and when you do not fulfill your end of the bargain or drag your feet in doing so. But most of all, it will explain to corporate leaders that for this generation, their personal life comes first so that each job they take must accommodate itself to some need defined by their personal life. Tulgan argues that until you know the personal need the job can satisfy for a potential employee, you and the applicant may be talking past each other. Those needs are so beyond the imagination of most bosses that Tulgan devotes a third of the book to explaining how they affect the job decisions of this generation.

*Managing Generation Y* Bruce Tulgan, Carolyn A. Martin (Ph. D.), 2001 They thrive on challenging work and creative expression, love freedom and flexibility, and hate micromanagement. They are fiercely loyal to managers that are knowledgeable, caring coaches that can mentor them to achieve their goals. What does Gen Y expect from you? Ongoing research indicates that the fourteenth generation has expectations of their bosses such as: Provide challenging work that matters, Balance clearly delegated assignments with the freedom and flexibility to produce results in their own way, Reward accomplishments with increased responsibility, Provide ongoing training and learning opportunities, Establish mentoring relationships. Managing Generation Y is for those who want to become the employer of choice for the next cohort of young adults. Discover the Gen Y traits that pose the greatest challenges to managers as well as the best practices you can implement now to keep these upbeat, techno-savvy workers focused and motivated.

**Managing Generation Y in a Multigenerational Workplace** Ryan Summers Ricks, 2010 The Baby Boomers are retiring and Generation X isn't large enough to compensate for the lack of manpower in the workforce.
