J. English,2011-03-15 In the early 1960s uncertainty and menace gripped New York crystallizing in a poisonous divide between a deeply corrupt cynical and racist police force and an African American community buffeted by economic distress brutality and narcotics On August 28 1963 the day Martin Luther King Jr declared I have a dream on the steps of the Lincoln Memorial two young white women were murdered in their Manhattan apartment Dubbed the Career Girls Murders case the crime sent ripples of fear throughout the city as police scrambled fruitlessly for months to find the killer But it also marked the start of a ten year saga of fear racial violence and turmoil in the city an era that took in events from the Harlem Riots of the mid 1960s to the Panther Twenty One trials and Knapp Commission police corruption hearings of the early 1970s The Savage City explores this pivotal and traumatic decade through the stories of three very different men George Whitmore Jr the near blind destitute nineteen year old black man who was coerced into confessing to the Career Girls Murders and several other crimes Whitmore an innocent man would spend the decade in and out of the justice system
