The Long Horizon Iain R. Thomson, 2013-08-08 The Long Horizon is an extraordinary book Much more than simply the chronicle of a life spent farming in the Scottish Highlands it is also a wonderful collection of stories both factual and fictional which reflect the changes that have revolutionised Highland life and dramatically affected the natural environment over the centuries Using the colourful background to the Fraser clan chiefs as a central theme from the cunning Red Fox through to the sudden death of the Master of Lovat which set in train the sale of the Fraser empire around Beaufort Castle Iain Thomson weaves an entertaining narrative that shows how historical events have such a profound effect on what happens today Throughout the book shines the writer's deep love of the countryside and a respect for the generations before him who have carved their living from the harsh environment of the Highlands It is a marvellous celebration both of the farming way of life and one of the most beautiful parts of Scotland

and one common faith *Call From the Cave* Jon Huer, 2013 This book explores the nature of power in persons groups and nations by asking a question that we can understand in contemporary terms what would Bill Gates do if he had Hitler's absolute power It is a sociological question that exposes power as a tool of control over the powerless not as a psychological trait or manners of personal interactions With Hitler's power any individual group or nation could become as crazy as Hitler or as cruel as the Nazis *Call from the Cave* argues that the savage struggle for power exemplified in the free market system of America history's first and purest natural society is in our very human nature In the footsteps of the ancient Romans and the recent Nazis we push on in every waking moment of our lives to expand our power and to control the souls and minds of other human beings to do our bidding The book concludes that this is the very destiny of humanity we cannot escape **The Dilemmas of Care** Ronald Philip Preston, 1979

Wilson and B.F. Skinner Paul Naour, 2009-02-27 Reviewers have characterized Paul Naour's *A Dialogue Between Sociobiology and Radical Behaviorism* which includes brief introductions by E.O. Wilson and B.F. Skinner's elder daughter Julie Vargus as an idea book The work will undoubtedly have a significant academic market and provide students and scholars in biology, ethology, psychology, anthropology, sociology, and economics a strong foundation in twentieth century history and systems Praise for *A Dialogue Between Sociobiology and Radical Behaviorism* E.O. Wilson says of the book excellent an outstanding addition to the history of ideas It will put Fred Skinner back in the pantheon and providing context serve as an excellent introduction to the content and central truths in radical behaviorism Needless to say I'm also grateful to have my work following *Sociobiology* given proper attention David Sloan Wilson author of *Darwin's Cathedral* writes E.O. Wilson and B.F. Skinner agreed that the human capacity for change is both a product of genetic evolution and an evolutionary process in its own right Yet the paradigms of sociobiology and radical behaviorism went in very different directions Paul Naour's insightful analysis of a taped conversation between Wilson and Skinner goes beyond the historical significance of the

conversation and helps to integrate the two paradigms for the future Carl Haywood writes The present question is whether evolution by natural selection is a useful set of concepts for the development of psychology Naour s proposed confluence of radical behaviorism and sociobiology suggests not only that it is but also that radical behaviorism shares with sociobiology a debt and an allegiance to Darwinism **The Letters of Pope Celestine VI to All Mankind** Giovanni Papini,1948 A work that purports to be letters from a fictitious pope which state that the spiritual and social rebirth of humanity can only come from Christianity **In the Name of Life** Erich Fromm,1971 Viewpoints ,1930 *The Transcendental Mirage* James Bjornstad,1976 What is Transcendental Meditation a science a philosophy a religion James Bjornstad takes these questions and others in a search to discover what Transcendental Meditation really is and where it came from Some of the conclusions may surprise you Publisher **Moral Responsibility, Mankind's Greatest Need** Albert Blumenthal,1975
