1917 2008 was a unique figure among American movie critics Champion of what he called termite art focused often eccentric virtuosity as opposed to white elephant monumentality master of a one of a kind prose style whose jazz like phrasing and incandescent twists and turns made every review an adventure he has long been revered by his peers Susan Sontag called him the liveliest smartest most original film critic this country ever produced for Peter Bogdanovich he was razor sharp in his

perceptions and never less than brilliant as a writer Farber was an early discoverer of many filmmakers later acclaimed as American masters Val Lewton Preston Sturges Samuel Fuller Raoul Walsh Anthony Mann A prodigiously gifted painter himself he brought to his writing an artist s eye for what was on the screen Alert to any filmmaker no matter how marginal or unsung who was doing go for broke art and not caring what comes of it he was uncompromising in his contempt for pretension and trendiness for as he put it directors who pin the viewer to the wall and slug him with wet towels of artiness and significance The excitement of his criticism however has less to do with his particular likes and dislikes than with the quality of attention he paid to each film as it unfolds to the chains of rapport and intimate knowledge in its moment to moment reality To transcribe that knowledge he created a prose that in Robert Polito s words allows for oddities muddles crises contradictions dead ends multiple alternatives and divergent vistas The result is critical essays that are themselves works of art Farber on Film brings together this extraordinary body of work in its entirety for the first time from his early and previously uncollected weekly reviews for The New Republic and The Nation to his brilliant later essays some written in collaboration with his wife Patricia Patterson on Godard Fassbinder Herzog Scorsese Altman and others Featuring an introduction by editor Robert Polito that examines in detail the stages of Farber s career and his enduring significance as writer and thinker Farber on Film is a landmark volume that will be a classic in American criticism From the Trade Paperback edition
