The Man Who Built the National Football League Chris Willis,2010-08-19 Founded in 1920 the National Football League chose famed athlete Jim Thorpe as its first president a position he held briefly until a successor was elected. From 1921 to 1939 Joe F Carr guided the sport of professional football with intelligence hard work and a passion that built the foundation of what the NFL has become the number one sports organization in the world. During his eighteen year tenure as NFL President Carr created the organization's first Constitution implemented the standard player's contract wrote the NFL's first ever Record and Fact Book helped split the NFL into two divisions and establish the NFL's World Championship Game started keeping league statistics and developed the NFL Draft. But Carr's greatest achievement was creating a vision for the NFL as a big city sport. By skillfully recruiting financially capable owners to operate NFL franchises in big market cities he created the solid foundation for the league's successful future. While the sport has grown to unheard of heights Carr's name and accomplishments have been lost and forgotten. *The Man Who Built the National Football League* Joe F Carr captures the life and career of this pivotal figure in professional sports chronicling the many achievements of a man whose vision helped shaped what the NFL is today. Tales from the Bucs Sideline Chris Harris,Joey Johnston,2004 Plenty of sports franchises have stories that flow from hopelessness to prosperity. That was the backdrop when the Tampa Bay Buccaneers became world champions but how many others had to perform with an accompanying laugh track. How many used the number one overall draft pick on a player Bo Jackson who surveyed the scene shrugged his shoulders and decided to play baseball. How many essentially gave away their battered and star crossed quarterback Steve Young suddenly jump starting his route to the Hall of Fame. How many had a coach John McKay who when asked what he thought of his team's execution wryly replied I'm in favor of it. How many work in an antiquated training facility One Buc Place that hosts exterminators more often than the owners. For nearly a generation they were the Yucks. Then they transformed themselves from frogs into princes. *Tales from the Bucs Sideline* is their story warts and all. From winless wonders to world champions from hapless players too embarrassed to show their faces in public to superstars who are constantly in your face. One and off the field this is the story of how a franchise can transform from woeful to wonderful complete with all the unforgettable and forgettable moments and characters

Between 1951 and 1989 Congress held a series of hearings to investigate the antitrust aspects of professional sports leagues. Among the concerns ownership control of players, restrictions on new franchises, territorial protection and other cartel like behaviors. In *The Big Leagues Go to Washington* David Surdam chronicles the key issues that arose during the hearings and the ways opposing sides used economic data and theory to define what was right, what was feasible and what was advantageous to one party or another. As Surdam shows, the hearings affected matters as fundamental to the modern game as broadcasting rights, player drafts and unions, league mergers and the dominance of the New York Yankees. He also charts how lawmakers from the West and South pressed for the relocation of ailing franchises to their states and the ways savvy owners dodged congressional interference when they could and adapted to it when necessary.
