The Dark Side of Marketing Pawan Kumar, Sumesh Singh, Dadwal, Sanjay Modi, Arsalan Mujahid Ghouri, Hamid Jahankhani, 2025-07-30 This book offers a profound exploration into how technology enabled marketing strategies often undermine personal freedom. It undertakes unethical, non-permissible marketing and manipulates consumer behaviour. It looks at what remedial actions can be taken to have sustainable, ethical, and recuperative marketing. Taking an interdisciplinary approach, this book delves into the history, psychology, theories, and models of modern marketing practices, revealing the often hidden coercive strategies that erode individual autonomy and will provide guidance for new models for suitable and recuperative marketing. The authors draw on extensive research and real-world examples from advanced and developing countries and critically examine the technological, legal, and ethical implications of these marketing practices. It proposes pathways to more respectful, empowering, democratic, sustainable, and recuperative marketing models and approaches.
