Gel,2025-12-29 Forget everything you assume about the privacy of your own mind This book confronts a simple terrifying and magnificent idea your thoughts are not passive reflections They are living active things They possess shape weight and a stubborn will to exist Every mental whisper every silent judgment every burst of compassion is an act of creation sending ripples through the invisible fabric of connected consciousness This is not a metaphor It is a fundamental law of your existence ignored for centuries and now screaming for your attention You are an unwitting magician constantly conjuring a world of your own making populating your personal atmosphere with the children of your fears and desires These creations from fleeting notions to the powerful collective demons and angels we call egregores then shape your reality in return They influence your health your relationships and the very world you perceive But here lies the pivotal turn once you become aware of this unconscious power you are presented with a choice You can remain a passive factory of psychic clutter or you can seize the controls You can learn the architecture of your own mind discipline the chaos and begin to consciously engineer a reality not based on reaction but on intention This is the ultimate empowerment The quality of your life is and always has been a direct printout of the quality of your thinking The path to mastering your outer world begins with the radical stewardship of your inner one The tools are in your hands The responsibility is yours The time to awaken and build is now

The Brahmavâdin , 1898 **Conscious Confidence** Sarah Mane, 2020-01-07 A confidence boosting program based on the spiritual insights of Sanskrit the language of enlightenment Draws on traditional stories from East and West and scholarly works to reveal the wisdom behind Sanskrit words and how to experience them to transform our lives and build confidence certainty clarity and success Explains the fourfold energy of the Conscious Confidence program Focusing Uniting Simplifying and Energizing Offers practical exercises for discovering our inner certainty and overcoming fear anxiety and insecurity Called the language of enlightenment Sanskrit is truly unique among all the languages of the world This ancient language upon which so many of our English words are based gives us an entire system to show what to do in order to experience the full meaning of a word In this profound way Sanskrit offers a touchstone of timeless wisdom that each of us can access to transform our lives and build confidence certainty clarity and success In Conscious Confidence Sanskrit scholar Sarah Mane offers a practical confidence boosting program derived from the deepest meanings of Sanskrit concepts to help you establish a safe and secure reference point from which to see the world and make clear decisions on how to act what to say and how to feel She explores the Sanskrit roots of English words related to confidence and success unlocking rich three dimensional understandings of each word as well as guidance on how to obtain confidence and find your path in life For example the word attitude based on its Sanskrit roots means our point of view our intent and our conduct A positive attitude means we have a self aware point of view have an intent for the good and conduct ourselves in ways that reflect both This true attitude gives us a positive and powerful place from which to view the world The author also incorporates traditional stories from East and West such as the Mahabharata and the works of Plato scholarly references and accounts of people discovering hidden depths in their own lives through the ancient truth of Sanskrit Drawing upon the deeper meanings behind several Sanskrit words for confidence Mane outlines principles for harnessing the fourfold energies of Conscious Confidence and offers practical exercises for discovering our inner certainty She explains how the Conscious Confidence method allows us to tackle the growing anxiety and fear that hang like a shadow over many of us and look to the unchanging core of selfhood for certainty rather than ever changing externals With the Conscious Confidence program and the wisdom of Sanskrit you can discover a strong and steady inner source of compassion self direction self empowerment and the life force of self confidence *The Irish Theosophist* , 1893 THE VOICE OF THE SILENCE Charles Leadbeater, Annie Besant, This book is merely a record of talks by Mr Charles W Leadbeater and myself on three famous books books small in size but great in contents We both hope that they will prove useful to aspirants and even to those above that stage since the talkers were older than the listeners and had more experience in the life of discipleship The talks were not given at one place only we

chatted to our friends at different times and places chiefly at Adyar London and Sydney A vast quantity of notes were taken by the listeners All that were available of these were collected and arranged They were then condensed and repetitions were eliminated Unhappily there were found to be very few notes on The Voice of the Silence Fragment I so we have utilized notes made at a class held by our good colleague Mr Ernest Wood in Sydney and incorporated these into Bishop Leadbeater s talks in that section No notes of my own talks on this book were available though I have spoken much upon it those talks are not recoverable None of these talks have been published before except some of Bishop Leadbeater s addresses to selected students on At the Feet of the Master A book entitled Talks on At the Feet of the Master was published a few years ago containing imperfect reports of some of these talks of his That book will not be reprinted the essential material in it finds its place here carefully condensed and edited May this book help some of our younger brothers to understand more of these priceless teachings The more they are studied and lived the more will be found in them Annie Besant *Talks on the Path of Occultism* Annie Besant, Charles Webster Leadbeater, 1926 **Lallā-vākyāni, Or, The Wise Sayings of Lal Dēd, a Mystic Poetess of Ancient Kashmīr** Laldyada, 1920 **Theosophical Manuals: The seven principles of man** Katherine Augusta Westcott Tingley, 1907 **The Key to Theosophy** Helena Petrovna Blavatsky, 1893 Written in the form of question and answer this book unfolds in easily understood language the fundamental principles of theosophia or divine wisdom a term in use the author tells us as far back as the third century of our era when Ammonius Saccas founded his Eclectic School in order to show the common origin of the thousand tenets of the many religious sects of both East and West Seen as parts of a cosmic pattern the themes of death and rebirth fate destiny free will and karma God and prayer as well as the sevenfold nature of man s constitution reveal a practical and inspiring philosophy for everyday living **The Theosophical Quarterly**, 1906 **The Theosophical Review**, 1906
