**Manchu** Gertraude Roth Li, 2000-01-01 Manchu was the language of a group of people who in the sixteenth century lived to the northeast of China and later became known as Manchus After establishing a new state in the southern part of Manchuria in the early seventeenth century they conquered China and ruled as the Qing dynasty until 1911 Millions of Manchu records along with records in Chinese and Mongolian were created during nearly three hundred years in power Nowadays with an imperial Manchu court out of the picture hardly anybody knows the language With the accessibility of large number of Manchu documents today scholars study Manchu to understand the documents Tunguso Sibirica Michael Weiers, Hans-Rainer Kämpfe, 1995 *The Tungusic Languages* Alexander Vovin, José Andrés Alonso de la Fuente, Juha Janhunen, 2023-08-31 The Tungusic Languages is a survey of Tungusic a language family which is seriously endangered today but which at the time of its maximum spread was present all over Northeast Asia This volume offers a systematic succession of separate chapters on all the individual Tungusic languages as well as a number of additional chapters containing contextual information on the language family as a whole its background and current state as well as its history of research and documentation Manchu and its mediaeval ancestor Jurchen are important historical literary languages discussed in this volume while the other Tungusic languages around a dozen altogether have always been spoken by small local though in some cases territorially widespread populations engaged in traditional subsistence activities of the Eurasian taiga and steppe zones and the North Pacific coast All contributors to this volume are well known specialists on their specific topics and importantly all the authors of the chapters dealing with modern languages have personal experience of linguistic field work among Tungusic speakers This volume will be informative for scholars and students specialising in the languages and peoples of Northeast Asia and will also be of interest to those engaged with linguistic typology cultural anthropology and ethnic history who wish to obtain information on the Tungusic languages *Impagination - Layout and Materiality of Writing and Publication* Ku-ming (Kevin) Chang, Anthony Grafton, Glenn Warren Most, 2021-01-18 This volume is the first comparative history that studies the practice of impagination across different ages and civilizations By impagination we mean the act of placing and arranging spatially textual and other information onto a material bearer that could be made of a variety of materials papyrus bamboo slips palm leaf parchment paper and the computer screen This volume investigates three levels of impagination what is the page or other unit of the material bearer what is written or printed on it and how is writing or print placed on it It also examines the interrelations of two or all three of these levels Collectively it examines the material and materiality of the page the variety of imprints cultural and historical conventions for impagination interlinguistic encounters the control of editors scribes publishers and readers over the page inheritance borrowing and innovation economics aesthetics and socialities of imprints and impagination and the relationship of impagination to philology This volume supplements studies on mise en page and layout an important subject of codicology first by including non codex writings

second by taking a closer look at the page or other unit than at the codex or book and third by its aspiration to adopt a globally comparative approach This volume brings together for comparison vast geographical realms of learning including Europe China Tibet Korea Japan and the Near Eastern and European communities in which the Hebrew Bible was transmitted This comparison is significant for Europe China and India all developed great traditions of learning which came into intensive contact The contributions to this volume are firmly rooted in local cultures and together address global comparative themes that are significant for multiple disciplines such as intellectual and cultural history of knowledge both humanistic and scientific global history literary and media studies aesthetics and studies of material culture among other fields

**Ruling the Mongols of Manchuria** Jiani He, 2025-10-01 At the turn of the twentieth century the Jirim League witnessed a linguistic struggle between Manchu Mongol Chinese Japanese and Russian powers The Qing Empire envisioned a trilingual educational system with the aim of improving the Jirim Mongols ability to read Chinese Manchu and Mongolian Through this policy the Qing sought to transform loyal imperial subjects into modern patriotic nationals and incorporate them into an integrated and united China under a Manchu constitutional monarchy The late Qing s language policy and strategy for ruling the Mongols of Manchuria was an attempt to address the enduring multilingual legacies in Qing administration and people s everyday life growing local ethnic tensions cross boundary connections imperial rivalries and the rise of new ideas concerning nation modern state and international relations in East Asia This book challenges the notion of Chinese language reform as a story of linear progression towards national monolingualism highlights the power of multilingualism in Chinese nationalist discourse from a peripheral non Han Chinese perspective and questions the extent to which national languages dominate the writing of history
