Maya Vinokour,2024-02-15 Work Flows investigates the emergence of flow as a crucial metaphor within Russian labor culture since 1870 Maya Vinokour frames concern with fluid channeling as immanent to vertical power structures whether that verticality derives from the state as in Stalin's Soviet Union and present day Russia or from the proliferation of corporate monopolies as in the contemporary Anglo American West Originating in pre revolutionary bio utopianism the Russian rhetoric of liquids and flow reached an apotheosis during Stalin's First Five Year Plan and re emerged in post Soviet managed democracy and Western neoliberalism The literary philosophical and official texts that Work Flows examines give voice to the Stalinist ambition of reforging not merely individual bodies but space and time themselves By mobilizing the understudied thematic of fluidity Vinokour offers insight into the nexus of philosophy literature and science that underpinned Stalinism and remains influential today Work Flows demonstrates that Stalinism is not a historical phenomenon restricted to the period 1922 1953 but a symptom of modernity as it emerged in the twentieth century Stalinism's legacy extends far beyond the bounds of the former Soviet Union emerging in seemingly disparate settings like post Soviet Russia and Silicon Valley **The Square Deal** ,1912 **All-round Expert In City** Xiao LouTingYu,2020-07-26 He was originally an ordinary orphan but his stealth skill God was activated by a lightning strike He could hide himself to hug beauties and assassinate his enemies in the dark Beautiful ladies status is easy to obtain He was a tyrannical king who roamed the world with his arms around the city *Supreme Court Appellate Division-Second Department* ,1916
