Merovingians rises and establishes itself energetically under Pepin and Charlemagne to degenerate under Louis le Debonnaire and Charles le Chauve After having dared a second time to found the Empire of the Caesars it quickly sees its sovereignty replaced by feudal rights and all its rights usurped by the nobles and has to struggle for many centuries to recover its rights one by one Feudalism evidently of Germanic origin will also attract our attention and we shall draw a rapid outline of this legislation which barbarian at the onset becomes by degrees subject to the rules of moral progress We shall ascertain that military service is the essence itself of the fief and that thence springs feudal right On our way we shall protest against civil wars and shall welcome emancipation and the formation of the communes Following the thousand details of the life of the people we shall see the slave become serf and the serf become peasant We shall assist at the dispensation of justice by royalty and nobility at the solemn sittings of parliaments and we shall see the complicated details of a strict ceremonial which formed an integral part of the law develop themselves before us The counters of dealers fairs and markets manufactures commerce and industry also merit our attention we must search deeply into corporations of workmen and tradesmen examining their statutes and initiating ourselves into their business Fashion and dress are also a manifestation of public and private customs for that reason we must give them particular attention About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
