## **Original New Testament:**

*The Original New Testament* Hugh J. Schonfield, The story of Jesus as the writers of the New Testament meant it to be told Astonishingly unlike the New Testament as it has been handed down to us today this remarkable new translation makes the story come alive as never before Impelled by the latest archaeological and historical discoveries eminent scholar Hugh J Schonfield has returned the New Testament to its own time and place relating its documents to contemporary literature customs and beliefs The first truly historical translation with no theological motivation or devotional purpose The Original New Testament rediscovers the force and urgency of the original message Dr Schonfield systematically corrects mistakes in translation that have been compounded over time and eradicates later theological developments that he believes were falsely ascribed to the original writers Here is a work at once passionate in dedication and scholarly in execution The fresh and very readable translation of The Original New Testament suggests to both Jews and Christians that they have missed something in the story of Jesus of Nazareth In a very real sense it re emphasises the Jewishness of the New Testament And to those of both faiths it offers new opportunities for understanding and applying the Bible s message Included are full historical and explanatory notes making this a vivid and inspiring translation which will also support the student of bible studies

393 and Carthage 397 in North Africa Pope Innocent I ratified the same canon in 405 but it is probable that a Council in Rome in 382 under Pope Damasus I gave the same list first These councils also provided the canon of the Old Testament which included the apocryphal books There is no scholarly consensus on the date of composition of the latest New Testament texts Conservative scholars John A T Robinson Dan Wallace and William F Albright dated all the books of the New Testament before 70 AD But most scholars date some New Testament texts much later than this For example Richard Pervo dates Luke Acts to c AD 115 and David Trobisch places Acts in the mid to late second century contemporaneous with the publication of the first New Testament canon Translated From the Original Greek by Leicester Ambrose Sawyer This edition includes THE HISTORICAL BOOKS OF THE NEW TESTAMENT The Gospel of Matthew The Gospel of Mark The Gospel of Luke The Gospel of John Acts of the Apostles THE EPISTLES OF PAUL First Epistle to the Thessalonians Second Epistle to the Thessalonians The Epistle to the Galatians First Epistle to the Corinthians Second Epistle to the Corinthians The Epistle to the Roman The Epistle to Philemon The Epistle to the Colossians The Epistle to the Ephesians Laodiceans The Epistle to the Philippians The Epistle to Titus First Epistle to Timothy Second Epistle to Timothy THE CATHOLIC EPISTLES The Epistle of James First Epistle of Peter Second Epistle of Peter The Epistle of Judas First Epistle of John Second Epistle of John Third Epistle of John The Epistle to the Hebrews REVELATION **The New Testament in the Original Greek** Brooke Foss Westcott,1881
