O'Rourke Kevin Bartelme, 2002-01-01 A comic romp through New York this tale chronicles the escapades and misadventures of a pair of tile setters Robert O Rourke and his assistant Maurice as they ply their trade everywhere from sewers to penthouses As craftsmen they are obliged to maintain certain standards but their clients keep getting in the way with loony designs goofy histrionics and just plain bad taste which O Rourke and his assistant are forced to suffer This relentless farce presents penetrating observations of society from a protagonist who is a working class philosopher in overalls

The Great Wall of New York Kevin Bartelme, 2006 A new book from Cool Grove Press to buffer readers against the harsh realities of the coming elections with comic relief The Great Wall of New York by Kevin Bartelme is a contemporary comedy of manners This fast paced drama set in New York City today is a fictional look at the wild side of the haute monde at its most ravenous Prepare for a wildly comic high speed ride down the slippery slope of wealth and power in New York City With the daily rash of exposures of unrepentant indictees the motley cast of characters in this novel offers a funhouse mirror to current events and come election season people are going to need a good laugh The Great Wall of New York is available for serial or excerpting rights The author will be reading in the NY metropolitan area and is available for radio and television interviews Gracing the cover and title spread are two comical scenes from the The Great Wall of New York illustrated by well known political cartoonist Robert Grossman whose work appears in The New York Observer New York Times The New Yorker and other major publications The author and Mr Grossman worked together to get just the right tone Publisher s website

Let Them Eat Rubbish Kevin Bartelme, 2020-11 Fiction Short Stories Author of five previous humorous novels in his latest LET THEM EAT RUBBISH Kevin Bartelme turns to the form of the classic short story The contrast between his wildly imaginative images and the familiar structures of the literary short story of De Maupassant O Henry O Hara creates a crackling tension that ripples through the seventeen stories The clarity of his writing and its strong narrative flow lets the reader experience his creativity in a way that wouldn't be possible if his prose was as offbeat and unexpected as his imagination His style too follows the classic structures and punctuation of good English so you always know exactly what he is saying explicitly at least Most of the stories take place in pre pandemic New York City on its streets and in its bars offices apartments and shops Love wealth ambition sex drinking old age and immortality are themes that writers have explored for four thousand years and Bartelme joins them in his vivid 21st century way Rather than Odysseus struggling to free himself from the goddess Calypso John and Elsa gives us a strangely convincing romance between a devil and an angel in a Manhattan club who have a hard time getting

together but find it even more difficult to break up In Valley of the Dolts the high tech screen called Solipsist which lets a Las Vegas hooker grow a new body part is oddly reminiscent of the reflection that dazzled Narcissus And in Portrait of the Artist and several other stories the reader embarks on the same quest for immortality that captivated Gilgamesh In The Conscience of a Conservative he begins I have no conscience and I hope I never will In my opinion conscience is for rubes and turkeys who don t understand the realities of the world we live in They don t understand the constant threat we are under With vivid language and surprisingly twisty plots Bartelme brings his characters and their emotions to life even as the title of this book LET THEM EAT RUBBISH loudly advertises one of his main concerns there TM s a lot he doesn t like about the modern consumerist high tech world In the humorous often memorable struggles of his characters he shows us exactly why
