Topics , 1982 *Wagons West Nebraska* Dana Fuller Ross, *On the Pony Express Trail* Scott Alumbaugh, 2023-06-01 The Pony Express has a hold on the American imagination wildly out of proportion to its actual role in the history of the West The system of transporting mail to California by a relay of lone riders on swift horses ran less than eighteen months in 1860 1861 and failed by every measure of success Nevertheless it has become the most iconic symbol of the West Scott Alumbaugh was so taken with the Pony Express that at age 62 he bikepacked 1 400 miles of the trail from St Joseph Missouri to Salt Lake City Utah Alumbaugh s journey took five weeks on a route that was mostly off road sometimes through remote territory Along the way he came to see the celebrated Pony Express as a collection of fables based on a few historical facts and reshaped into a symbol of the spirit that won the West On The Pony Express Trail One Man s Bikepacking Journey to Discover History from a Different Kind of Saddle recounts Scott Alumbaugh s experience bikepacking the Pony Express Trail during the summer of 2021 The narrative follows his day to day experiences and impressions the challenges the sites he visited the country he rode through and the interactions with the people he met while taking a fresh look at the real Pony Express in the context of mid 1800s historical events along the trail The Mexican American Utah and Paiute Wars the California and Pike s Peak gold rushes the overland emigration of hundreds of thousands to Oregon and California the exodus of tens of thousands of Mormons to Utah and the increasingly contentious fight over slavery along with the looming threat of civil war *The Great Medicine Road, Part 2* Will Bagley, 2015-10 During the early weeks of 1848 as U S congressmen debated the territorial status of California a Swiss immigrant and an itinerant millwright forever altered the future state s fate Building a sawmill for Johann August Sutter James Wilson Marshall struck gold The rest may be history but much of the story of what happened in the following year is told not in history books but in the letters diaries journals and other written recollections of those whom the California gold rush drew west In this second installment in the projected four part collection The Great Medicine Road Narratives of the Oregon California and Mormon Trails the hardy souls who made the arduous trip tell their stories in their own words Seven individuals tales bring to life a long ago year that enriched some impoverished others and forever changed the face of North America Responding to often misleading promotional literature adventurers made their way west via different routes Following the Carson River through the Sierra Nevada or taking the Lassen Route to the Sacramento Valley they passed through the Mormon Zion of Great Salt Lake City and traded with and often displaced Native Americans long familiar with the trails Their accounts detail these encounters as well as the gritty realities of everyday life on the overland trails They narrate events describe the vast and diverse landscapes they pass through and document a journey as strange and new to them as it is to many readers today Through these travelers diaries and memoirs readers can relive a

critical moment in the remaking of the West and appreciate what a difference one year can make in the life of a nation
