Negro Ironworkers In Louisiana:

Negro Ironworkers of Louisiana, 1718-1900 Marcus Christian, 2002-11-30 Historian and journalist Marcus Christian reveals how African Americans were the true artists behind New Orleans classic iron architecture When people think of New Orleans they envision the complex ironwork of balcony railings in the French Quarter or the delicate lacelike gates of the city's cemeteries It is the city's florid ironwork that gives New Orleans its unmatched memorable beauty But few people realize that most of this ironwork was created in the antebellum South the golden age of Southern culture by black slaves Negro Ironworkers of Louisiana 1718 1900 examines the history of African American ironworkers in Louisiana It is the first in depth study of the sophisticated blacksmith skills for which most Negro ironworkers were not appreciated Marcus Christian examines the development of agricultural and metallurgical technology in Africa the slaves who brought those technologies to the United States and the ironworkers roles in the making of New Orleans The African American Experience in Louisiana: From Africa to the Civil War Charles Vincent, 1999

A Franco-American Overview ,1979 Becoming American in Creole New Orleans, 1896-1949 Darryl Barthé, Jr., 2021-07-14 Extensive scholarship has emerged within the last twenty five years on the role of Louisiana Creoles in the eighteenth and early nineteenth centuries yet academic work on the history of Creoles in New Orleans after the Civil War and into the twentieth century remains sparse Darryl Barth Jr's *Becoming American in Creole New Orleans* moves the history of New Orleans Creole community forward documenting the process of becoming American through Creoles encounters with Anglo American modernism Barth tracks this ethnic transformation through an interrogation of New Orleans's voluntary associations and social sodalities as well as its public and parochial schools where Creole linguistic distinctiveness faded over the twentieth century because of English only education and the establishment of Anglo American economic hegemony Barth argues that despite the existence of ethnic repression the transition from Creole to American identity was largely voluntary as Creoles embraced the economic opportunities afforded to them through learning English *Becoming American* entailed the adoption of a distinctly American language and a distinctly American racialized caste system Navigating that caste system was always tricky for Creoles who had existed in between French and Spanish color lines that recognized them as a group separate from Europeans Africans and Amerindians even though they often shared kinship ties with all of these groups Creoles responded to the pressures associated with the demands of the American caste system by passing as white people completely or situationally or more often redefining themselves as Blacks *Becoming American in Creole New Orleans* offers a critical comparative analysis of Creolization and Americanization social processes that often worked in opposition to each other during the nineteenth century and that would continue to frame the limits of Creole identity and cultural expression in New Orleans until the mid twentieth century As such it offers intersectional engagement with subjects that have historically fallen under the purview of sociology anthropology and critical theory including discourses on whiteness m tissage m tisaj and critical mixed race theory

The Booklover's Guide to New Orleans Susan Larson,2013-09-05 The literary tradition of New Orleans spans centuries and touches every genre its living heritage winds through storied neighborhoods and is celebrated at numerous festivals across the city For booklovers a visit to the Big Easy isn't complete without whiling away the hours in an antiquarian bookstore in the French Quarter or stepping out on a literary walking tour Perhaps only among the oak lined avenues Creole town houses and famed hotels of New Orleans can the lust of *A Streetcar Named Desire* the zaniness of *A Confederacy of Dunces* the chill of *Interview with the Vampire* and the heartbreak of Walker Percy's *Moviegoer* begin to resonate Susan Larson's revised and updated edition of *The Booklover's Guide to New Orleans* not only explores the legacy of Tennessee Williams and William Faulkner but also visits the haunts of celebrated writers of today including Anne Rice and James Lee Burke This definitive guide provides a key to the books authors festivals stores and famed addresses that make the Crescent City a literary destination **Louisiana History** ,1987 *Creole* Sybil Kein,2000-08 The word Creole evokes a richness rivaled only by the term's widespread misunderstanding Now both aspects of this unique people and culture are given thorough illuminating scrutiny in *Creole* a comprehensive multidisciplinary history of Louisiana's Creole population Written by scholars many of Creole descent the volume wrangles with the stuff of legend and conjecture while fostering an appreciation for the Creole contribution to the American mosaic The collection opens with a historically relevant perspective found in Alice Moore Dunbar Nelson's 1916 piece *People of Color of Louisiana* and continues with contemporary writings Joan M Martin on the history of quadroon balls Michel Fabre and Creole expatriates in France Barbara Rosendale Duggal with a debiased view of Marie Laveau Fehintola Mosadomi and the downtrodden roots of Creole grammar Anthony G Barthelemy on skin color and racism as an American legacy Caroline Senter on Reconstruction poets of political vision and much more Violet Harrington Bryan Lester Sullivan Jennifer Devere Brody Sybil Kein Mary Gehman Arthi A Anthony and Mary L Morton offer excellent commentary on topics that range from the lifestyles of free women of color in the nineteenth century to the Afro Caribbean links to Creole cooking By exploring the vibrant yet marginalized culture of the Creole people across time Creole goes far in diminishing past and present stereotypes of this exuberant segment of our society A study that necessarily embraces issues of gender race and color class and nationalism it speaks to the tensions of an increasingly ethnically mixed mainstream America **The Harvard Guide to African-American History** Evelyn Brooks Higginbotham,2001 This massive guide sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America **Establishing Exceptionalism** Amy Turner Bushnell,2022-02-16 Since the 1950s historians of the colonial era in North South and Central America have extended the frontiers of basic general knowledge enormously this rich historiographical tradition has generated robust methodological discussions about how to study the European encounter in the light of the experience of the indigenous peoples of the Americas By bringing together major research reviews by a series
