Subjective History Lena Englund,2021-09-14 This book examines 21st century South African autobiographical writing that addresses the nation s socio political realities both past and present The texts in focus represent and depict a South Africa caught in the midst of contradictory and competing images of the Rainbow Nation Arguing that recent memoirs question and criticize the illusion of a united nation the study shows how these texts reveal the flaws and shortcomings not only of the apartheid past but of contemporary South Africa It encompasses a broad range of autobiographical works largely published since 2009 that engage with South Africa s past present and future At its centre is the quest for space and belonging and this book investigates who can comfortably belong in South Africa in its post apartheid post Truth and Reconciliation post Mbeki

Small Press Record of Books in Print Len Fulton,1994 **Moni Monthly Magazine** ,1989 Nelson Mandela's Legacy: An African Lawyer's Dilemma Rosalie Akoue Abbey,2018-09-26 For over a millennium due to intense and sustained contact with the expansionist civilizations of the Middle East and Europe Africans have struggled to bring coherence to their legal system Embattled therein are the principles of three legal structures civil customary and Islamic Nelson Mandela the traditional chief and the lawyer was no stranger to this struggle He therefore attempted to settle his personal traditional legacy Thus N Mandela witnessed the passing of the baton of the Mvezo s chieftainship to the eldest of his grandsons Mandla Mandela But that was only part of N Mandela s efforts to settle in that direction Indeed Nelson Mandela the private citizen also left a will It was characterized by its executors as a civil law document In reality it was not Nelson Mandela a crafty

lawyer tried to encapsulate principles of Xhosa customary law into a civil law document thus using the system against itself to allow for a fairer and equitable bequest especially toward his female relatives and descendants Therefore it was a novel legal construction N Mandela s ex wife Winnie Madikizela Mandela in a multidisciplinary legal challenge unsuccessfully sought to blow open that facade Other challenges were brought against N Mandela s legacy too Makaziwe Mandela Amuah N Mandela s oldest living daughter engaged in what is African women s perennial fight against the roles assigned to them by patriarchal societies Another surprising challenge occurred when Chief Mandla Mandela the traditional chief of Mvezo converted to Islam when he married a new wife seemingly turning his back to his deeply political and religious legacy These various challenges to N Mandela s personal legacy demonstrate how unsettled Africa s legal landscape was and still is Nevertheless by insisting that he not completely discard his customary law based heritage N Mandela joined a handful of like minded fellow jurists who were intent on compromise But he went a step further by showing through the provisions of his will that from the continent s fraught legal history both native and imposed a wholly new legal system could emerge
