Neo-idealistic Aesthetics Merle Elliott Brown,1966    *Neo-Idealistic Aesthetics* Merle E. Brown,1966    **Historicism and Fascism in Modern Italy** David D. Roberts,2007-01-01 During the early decades of the twentieth century Italy produced distinctive innovations in both the intellectual and political realms On the one hand Benedetto Croce 1866 1952 and Giovanni Gentile 1875 1944 spearheaded a radical rethinking of historicism and philosophical idealism that significantly reoriented Italian culture On the other hand the period witnessed the first rumblings of fascism Assuming opposite sides Gentile became the semi official philosopher of fascism while Croce argued for a renewed liberalism based on absolute historicism In **Historicism and Fascism in Modern Italy** David D Roberts uses the ideological conflict between Croce and Gentile as a basis for a wider discussion of the interplay between politics and ideas in Italy during the early twentieth century Roberts examines the connection between fascism and the modern Italian intellectual tradition arguing that the relationship not only deepens our understanding of fascism and liberalism but also illuminates ongoing dangers and possibilities in the wider Western world This set of twelve essays by one of the leading scholars in the field represents an authoritative view of the modern Italian intellectual tradition its relationship with fascism and its enduring implications for history politics and culture in Italy and beyond

Benedetto Croce,1981 Benedetto Croce s influence pervades Anglo Saxon culture but ironically before Giovanni Gullace

heeded the call of his colleagues and provided this urgently needed translation of La Poesia speakers of English had no

access to Croce s major work and final rendering of his esthetic theory Aesthetic published in 1902 and translated in 1909

represents most of what the English speaking world knows about Croce s theory It is asserts Gullace no more than a first

sketch of a thought that developed clarified and corrected itself through new literary experience and more mature reflection

During the 34 years between Aesthetic and La Poesia 1936 for example Croce added a striking new element to his thought

the analysis of prose literature Gullace s introduction to La Poesia constitutes a major under taking in its own right It is

aimed at acquainting the reader with the evolution of Croce s thought and at explaining the relation ship between this final

work and the philosopher s previous work in esthetic theory and literary criticism La Poesia is divided into two parts text and

postscripts The text consists of four chapters Poetry and Literature The Life of Poetry Criticism and History of Poetry and

The Formation of the Poet and the Precepts Croce saw the postscripts as a re laxated conversation after the tension of

theoretical exposition In Gullace s translation the text and relevant postscripts appear conveniently side by side in a double

column Gullace has anno tated both text and postscripts
