Richard C. Thurlow

Neo Fascism In Europe:

Neo-Fascism in Europe Luciano Cheles, Ronnie Ferguson, Michalina Vaughan, 1991 The re emergence of far right parties throughout Europe was one of the most striking and disturbing features of European politics in the 1980s Though its importance differs from country to country international links between parties may make neo Fascism more respectable and a less transitory feature of European politics than seemed likely at the start of the 1980s This phenomenon is analyzed in this collection of essays which offers an analysis of the various neo Fascist movements of Western Europe representing a range of disciplines and provides analyses of the neo Fascist movements in Italy Germany Spain Portugal Greece France and Britain It combines studies of the underlying socio economic conditions on which neo Fascist ideology thrives with explorations of specific areas such as the use of propaganda or the denial of Nazi atrocities

Transnational Neofascism in France and Italy Andrea Mammone, 2019-02-21 This book describes the establishment evolution and international links of the extreme right in one of the main Western European areas Andrea Mammone details the long journey in the development of right wing extremism in France and Italy emphasizing the transfer exchange and borrowing of ideals personnel and strategies and the similarities among neofascist movements activists and thinkers across national boundaries from 1945 to the present day including the Cold War years the election of the European Parliament in 1979 and the 2014 EU elections Mammone analyzes the adaptation of neofascism in society and politics the building of international associations and pan national networks and the right leaning responses to the defeat of fascism European integration decolonization the events of 1968 immigration and the recent EU led austerity politics As a book implicitly on space borders and belonging it shows how some nationalisms may embody a transnational dimension and at times even pan European stances

Fascism and the Right in Europe 1919-1945 Martin Blinkhorn, 2014-07-22 This new text places interwar European fascism squarely in its historical context and analyses its relationship with other right wing authoritarian movements and regimes Beginning with the ideological roots of fascism in pre 1914 Europe Martin Blinkhorn turns to the problem torn Europe of 1919 to 1939 in order to explain why fascism emerged and why in some settings it flourished while in others it did not In doing so he considers not just the major fascist movements and regimes of Italy and Germany but the entire range of fascist and authoritarian ideas movements and regimes present in the Europe of 1919 1945

The Far Right in Europe Peter Davies, Paul Jackson, 2008-08-30 The Far Right in Europe An Encyclopedia brings together up to date information on all the major and many minor European far right parties tracing their historical roots describing their policies personalities and activities and exploring the links between them Longer contextual essays written by a team of experts debate regional and ideological traditions Scholarly but accessible there is no better introduction to the alarmingly vigorous contemporary tradition of far right groups in Europe

BOOK JACKET

World Fascism Cyprian Blamires, 2006-09-18 This book shows how during the 20th century evils such as totalitarianism tyranny war and genocide became indelibly linked to the fascist cause and examines the enduring and popular appeal of an

ideology that has counted princes poets and war heroes among its most fervent adherents From the followers of Hajj Amin Al Hussein the Arab leader who met with Adolf Hitler in November 1942 to the murderous death squads of the Croatian Ustasha to certain members of the British Establishment fascism's heady brew of extreme nationalism and revolutionary violence has attracted followers from across all religions races and classes Now widely reviled fascism became an immensely powerful political force in Western Europe throughout the 1930s and into the 1940s How did civilized nations like Italy Germany Austria and others succumb to an ideology now regarded by the political mainstream as barbarous and beyond the pale World Fascism A Historical Encyclopedia covers all the key personalities and movements throughout the history of fascism and brings to light some of the ideology's lesser known aspects from Hindu extremists in India to the influential role of certain women in fascist movements How did an ideology which was openly boastful of its belief in violence come to seduce the elites of some of the most civilized nations on earth What can explain fascism's enduring appeal *Integral Europe* Douglas R. Holmes, 2000-10-29 Over the past 15 years the project of advanced European integration has followed a complex secular and cosmopolitan agenda As that agenda has evolved however so have various hard line populist movements with goals diametrically opposed to the ideals of a harmonious European Union Spearheaded by figures such as Jean Marie Le Pen the controversial leader of France's National Front party these radical movements have become increasingly influential and because of their philosophical affinities with fascism and national socialism politically worrisome In *Integral Europe* anthropologist Douglas Holmes posits that such movements are philosophically rooted in integralism a sensibility that in its most benign form enables people to maintain their ethnic identity and solidarity within the context of an increasingly pluralistic society Taken to irrational extremes by people like Le Pen integralism is being used to inflame people's feelings of alienation and powerlessness the by products of impersonal transnational fast capitalism The consequences are an invidious politics of exclusion that spawns cultural nationalism racism and social disorder The analysis moves from northern Italy to Strasbourg and Brussels the two venues of the European Parliament and finally to the East End of London This multi-sited ethnography provides critical perspective on integralism as a form of intimate cultural practice and a violent idiom of estrangement It combines a wide ranging review of modern and historical scholarship with two years of field research that included personal interviews with right wing activists among them Le Pen and neo Nazis in inner London Fascinating provocative and sobering *Integral Europe* offers a rare inside look at one of modern Europe's most unsettling political trends

Fascism and Neofascism E. Weitz, A. Fenner, 2016-09-27 The dramatic transformations of the the 1990s the end of the Cold War the establishment of political liberties and market economies in Eastern Europe German unification quickly led commentators to proclaim the end of all ideologies and the complete triumph of liberal capitalism Just as quickly however right wing extremism began a surge in Europe that has not significantly abated to this day *Fascism and Neofascism* is a collection of essays that is distinctive in two important ways First unlike most volumes which cover either historical fascism

or the recent radical right Fascism and Neofascism spans both periods Secondly this volume also aims to bring newer modes of inquiry rooted in cultural studies into dialogue with more traditional ways of viewing fascism The editors approach is deliberately interdisciplinary even eclectic The Transnational Making of Italian Neofascism Matteo Albanese,2024-11-26 This book delves into the evolution of Italian neo fascism from the end of World War II to the mid 1970s It examines the transition from historical fascism to neo fascism highlighting the survival and adaptation of fascist ideologies within democratic frameworks This book explores the formation and development of the Italian Social Movement MSI and the broader neo fascist network emphasising its transnational connections and ideological persistence Key themes include the escape and reorganisation of former fascists their influence on post war Italian politics and the cultural and ideological debates within the neo fascist movement The work also addresses the role of race anti communism and the strategic alliances formed during the Cold War By tracing the historical and ideological continuities this book provides a comprehensive understanding of neo fascism s enduring impact on Italian and global political landscapes It will be of interest to students and scholars of fascism political history and Italian politics The Voice of Modern Hatred Nicholas Fraser,2000

The Far Right in Western and Eastern Europe Luciano Cheles,Ronnie Ferguson,Michalina Vaughan,1995 This edition includes new chapters A conceptual framework is provided and four extra countries are included Poland CIS Yugoslavia and Belgium Existing chapters have been expanded to cover recent evolution in the countries or areas they discuss *The State and the Radical Right in Italy, France and Britain* Richard C. Thurlow,1991 **The Enemy of My Enemy** George Michael,2006 In the violent world of radical extremists the enemy of my enemy is my friend This study reveals how that precept plays out in the unexpected bonding between militant Islam and the extreme right in America and Europe It provides an insightful and sane look at the possibilities for collaboration between these groups Fascism and Neofascism Eric Weitz,Angelica Fenner,2004-11-27 The radical right has been a persistent feature of European societies In power it has unleashed wars ethnic cleansing and genocide As a movement it has promoted violence against minorities and immigrants and has threatened democratic politics Convinced that understanding this complex and disturbing phenomenon requires new approaches the editors of Fascism and Neofascism have assembled a diverse group of experts Uniquely among the many studies of the topic the volume explores both historical fascism and the contemporary radical right in a wide range of countries and brings together perspectives rooted in cultural studies history and the social sciences **The Politics of Permanent Crisis** Nesecan Balkan,Sungur Savran,2002 Politics of Permanent Crisis Class Ideology State in Turkey

Between hope and disaster Quaker Council for European Affairs. Quaker working group,1993 **The World Is A Ghetto Race And Democracy Since World War Ii** Howard Winant,2001-05-30 A masterly account of world racial politics and the future of global race relations by a leading American sociologist Mediterranean Quarterly ,1992 **Italy** Lucio Sponza,Diego Zancani,1995 Italy has transformed itself in the last fifty years changing from a rural society into one of the

seven wealthiest nations in the world This is despite the fact that Italy has had to cope with many apparent contradictions such as the twin influences of the Roman Catholic Church and the most powerful Communist Party in the West
