Neoliberalism From a Sociological

Prospective: A Critical Reader (Preliminary Edition) Deliah Brown, 2017-12-31 *The World Turned Upside Down?* Greg Albo, Leo Panitch, 2018-12-24 A World Turned Upside Down poses two overarching questions for the new period opened by the Trump election and the continued growth of right wing nationalisms Is there an unwinding of neoliberal globalization taking place or will globalization continue to deepen but still deny the free cross border movement of labor Would such an unwinding entail an overall shift in power and accumulation to specific regions of the Global South that might overturn the current world order and foster the disintegration of the varied regional blocs that have formed These questions are addressed through a series of essays that carefully map the national class racial and gender dimensions of the state capitalism and progressive forces today Sober assessment is crucial for the left to gain its political bearings in this trying period and the uncertainties that lie ahead *Neoliberalism From a Sociological Prospective: A Critical Reader (First Edition)* Deliah Brown, 2017-12-31 **Neoliberalism** Alfredo Saad-Filho, Deborah Johnston, 2005-02-03 Leading writer Boris Kagarlitsky offers an ambitious account of 1000 years of Russian history **Neoliberal Developmentalism** Mi Ji, 2006 Poverty and Neoliberalism Ray Bush, 2007-05-25 A critique of the way powerful institutions support economics and politics that sustain poverty and keep the rich in power Symposium , 2009 Environment & Planning , 2008 *Rethinking Imperialism* Ray Kiely, 2010-04-09 Imperialism has become a key focus of debate about world politics in the post 9 11 world This major new text provides a systematic reappraisal of the evolution of the phenomenon and the concept from the 19th century as the basis for a reassessment of Globalization and US hegemony in the world today *International Journal of Political Economy* , 2008 *Neoliberal Mercantilism and North American Free Trade* Malcolm Henry Fairbrother, 2006 Global Political Economy: Theories of the global political economy Bill Dunn, 2009 A masterly explanation of events and upheavals in the world economy over the last 100 years **Rethinking Good Governance in Developing Economies** André Ufer, 2008 Is Good Governance the key for sustainable development and poverty eradication Careful analysis of economic history in Europe and East Asia shows that its theoretical foundations and explanations do not meet reality While Good Governance might prepare poor countries to integrate themselves into global markets they will not experience substantial growth and poverty reduction Political realities in developing countries are complex including diverse factions of competing patron client networks Hence reform instead of cutting states towards a perceived mirror image of Western democracies should aim to build institutions that enable leaders to introduce changes that transform failing states into developmental states
