**History, Fiction Or Science?** A. T. Fomenko, 2005 The author posits that all generally accepted chronology before the 16th century is in error by hundreds or thousands of years      A Companion to the Neronian Age Emma Buckley, Martin Dinter, 2013-05-03 An authoritative overview and helpful resource for students and scholars of Roman history and Latin literature during the reign of Nero The first book of its kind to treat this era which has gained in popularity in recent years Makes much important research available in English for the first time Features a balance of new research with established critical lines Offers an unusual breadth and range of material including substantial treatments of politics administration the imperial court art archaeology literature and reception studies Includes a mix of established scholars and groundbreaking new voices Includes detailed maps and illustrations      *Dating Acts in its Jewish and Greco-Roman Contexts* Karl Leslie Armstrong, 2021-01-14 There has been consistent apathy in recent years with regard to the long standing debate surrounding the date of Acts While the so called majority of scholars over the past century have been lulled into thinking that Acts was written between 70 and 90 CE the vast majority of recent scholarship is unanimously adamant that this middle range date is a convenient political compromise Karl Armstrong argues that a large part of the problem relates to a remarkable neglect of historical textual and source critical matters Compounding the problem further are the methodological flaws among the approaches to the middle and late date of Acts Armstrong thus demonstrates that a historiographical approach to the debate offers a strong framework for evaluating primary and secondary sources relating to the book of Acts By using a historiographical approach along with the support of modern principles of textual criticism and linguistics the historical context of Acts is determined to be concurrent with a date of 62 63 CE      **OCR Anthology for Latin AS and A Level Shorter Prose Authors** Katharine Radice, Stuart R. Roman context of Ephesians with a focus on maiestas treason charges imperial cults and Roman imperial eschatology are examined in light of the two major theories of the date of the epistle The author concludes that while there are limitations to an imperial critical reading of the epistle some of the epistle s speech acts can be understood as subversive of Roman imperial ideology     The Tragedy of the Caesars Sabine Baring-Gould,1907     Abstract[s] of [theses] Submitted in Partial Fulfillment of the Requirement for the Degree of Doctor of Philosophy in the Graduate School of the University of Illinois University of Illinois.
