Nesting Doll:

Nesting Dolls Vanessa Brantley-Newton, 2023-10-10 A heartwarming picture book about how one little girl's unique beauty has been growing for generations in her family tree. Anyiaka is in awe of her gorgeous Gullah Geechee family. She wants to be beautiful like her older sister Sorie, a great listener like her mom, and a talented artist like her grandma. But on today's visit to her grandparents' house, Anyiaka sticks out from the rest of the family like a sore thumb. She can't seem to do anything right, and a trip to Grandma's art studio confirms just how different she is from the rest of the family. But Grandma's artwork, a special set of nesting dolls, also shows that what's on the outside doesn't always tell the whole story. While they may be distinct together, her family's beauty and inner strength have deep roots that have been growing within each of them for generations.

Russian Fractals in Indigenous Artifacts Abdul Karim Bangura, Leonid A. Zhigun, 2025-06-22 This book is the first comprehensive work on Russian Fractals in indigenous artifacts. While existing works focus on universal phenomena such as liquid crystal or finance, none explore the intersection between Fractals and Russia. Russian Fractals in Indigenous Artifacts therefore investigates how indigenous Russian cultures have a wonderful Fractal heritage that was originally tied to socially just and ecologically sustainable social practices, including those of indigenous northern groups such as the Yakut. Fractal designs originally allowed unalienated value both human and nonhuman to be visible, thereby enabling just and sustainable living. This book also examines how the tsarist elite encouraged the creation of unique creative masterpieces, developing and strengthening traditional crafts and art of indigenous people, hence Fabergé or imperial architecture. Today the challenge for contemporary Russia is to reestablish the relationship between the social and ecological sustainability of indigenous cultures and practices for which we can now provide modeling and analysis. Lay attempts at this have only limited success as they have based the attempts on a purely religious basis which recognizes the ecological aspects but often succumbs to authoritarian nationalism. However, the freely accession of indigenous peoples to Russia for the sake of national liberation has had a positive effect on enriching them with spirituality and creativity by Fractal artifacts through friendly exchanges with one another. In *Russian Fractals in Indigenous Artifacts*, Bangura and Zhigun express why there is a need for a forward-thinking Fractal renaissance in Russia, bringing together
