**James Alexander Mackay**

## **Netsuke A Guide For Collectors:**

**Netsuke: A Guide for Collectors** Mary L. O'Brien, 2012-02-14 Featuring dozens of Japanese netsuke masterpieces and insightful commentary this Japanese art book is a classic collector's item. **Netsuke A Guide for Collectors** approaches the subject of Japanese netsuke from the point of view of the amateur collector rather than that of an owner discussing his own accomplished collection. Ever since Japan's emergence a little over a century ago from her long period of seclusion under Tokugawa rule netsuke have exerted an almost irresistible attraction for Western collectors. These tiny carvings exquisite in detail charming in conception and delightful for the sheer tactile pleasure to be experienced in handling them captivated admirers of Japanese art and craftsmanship. Basically netsuke were utilitarian in purpose for they were designed to serve as pendants or toggles to support medicine boxes writing cases smoking equipment and similar articles worn suspended by a cord from the obi a practical device since the kimono had no pockets. At first quite primitive in design they soon became more and more sophisticated and their carvers turned increasingly to the legendary of Japan and China for inspiration and subject matter. This fascinating book is a wonderful introduction to this classic Japanese art and will be invaluable for both professional collections and amateurs alike. **Netsuke** Mary O'Brien, 1968 **Netsuke** Mary Louise O'Brien, 1970

**Collectors' Netsuke** Raymond Bushell, 1971-06-01 This text offers a collector's guide to netsuke. **Netsuke** Mary Louise O'Brien, 1965 **A Guide to Collecting and Selling Netsuke** H. B. Altman, Michele Hibbs, 1977 **Netsuke** Mary Louise O'Brien, 1965 **A Collector's Guide to Books on Japan in English** Jozef Rogala, 2012-10-12 For librarians and private collectors of books on Japan in English Jozef Rogala's alphabetical guide will prove an invaluable and very accessible addition to existing bibliographic sources and references not least because of the supporting biographies of major writers and the historical and cultural notes provided. Includes subject index. **A Guide to the Salting Collection** Victoria and Albert Museum. Salting Collection, 1926 **Japanese Prints, Paintings and Works of Art** Sotheby's (Firm), 1993

*Masterpieces of Netsuke Art* Bernard Hurtig, 1973 **An Encyclopedia of Small Antiques** James Alexander Mackay, 1975 **The Inrō Handbook** Raymond Bushell, 1979 For collectors who have discovered the delights of such miniature Japanese art forms as the inrō and the netsuke this authoritative and enlightening book offers a wealth of valuable information. That it also affords entry to a world of fascinating design and superb craftsmanship goes without saying. In addition to illustrating in color and discussing in detail 108 distinguished inrō and their accompanying netsuke as well as 18 related miniature objects it presents highly informative essays on the making of inrō on pearl shell inlays and in particular on the materials and techniques of lacquer art the last of these with 62 color photos. It also furnishes an extensive list of lacquer artists signatures with 386 photos. It is refreshing to have an author tell his readers not only what his book is but also what it is not. In his introduction Bushell says This book is addressed to the collector of inrō netsuke and other forms of miniature Japanese art with emphasis on works in lacquer. Its purpose is specific and limited. It is not a comprehensive study of lacquer

It is not a historical survey a technical analysis a comparative examination or a compendium of terms and definitions In point of time it is limited to the Tokugawa Meiji Taisho and early Showa periods In point of craft it is limited to the later development of precise and sophisticated techniques with their brilliant decorative effects Bushell points out that he is not making an unnecessary emotional appeal in praise of lacquer His objective is far more practical This book is the product of his efforts to understand the structure underlying the beauty of lacquer art and to provide clear and simple explanations Because other books on the subject had not satisfied him he undertook his own basic research and here he presents the information he acquired through painstaking study with master lacquer craftsmen and other authorities

*The Book Buyer's Guide* ,1965 Oriental Rugs a Complete Guide Charles Jacobsen,2012-08-21 This authoritative reference contains a vast amount of information about Oriental rugs Oriental Rugs A Complete Guide is the first large volume on the subject to be printed in the past forty five years is meant for the individual who is interested in purchasing his first Oriental Rug as well as the collector museum and rug importer The volume is divided into three main parts Part I entitled General Discussion devotes one chapter to each of the large rug weaving countries and includes helpful hints as to what the rug buyer should look for in an particular rug Part II Description of Types is an alphabetical list of all the names that have been used to identify rugs in the past as well as the names that are being used at present Each entry is followed by a full discussion and description of the rug Part III Plates contains 194 pictures of different types of rugs complete with descriptive captions for each Thirty nine of the plates are in full color All of the plates are large allowing the reader to see the design and in some cases the colors used in the particular rug
